

BugClear™ for Fruit & Veg

BugClear for Fruit & Veg:

- is a contact Insecticide for ornamental plants, fruit and vegetables.
- contains a natural vegetable oil.
- kills by physical action.
- controls aphids, blackfly, whitefly, scale insects, mealybugs, red spider mites and other mites.

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN INSECTICIDE & MITE KILLER.

Maximum spray concentration:
20ml product per litre of water.
READ ALL SAFETY INSTRUCTIONS
BEFORE USE.

When to use

Spray at first sign of insects or symptoms and repeat as necessary until clear. The best time to spray is early morning or early evening, avoiding bright sunshine.

DO NOT USE BugClear for Fruit & Veg during periods of high temperature (above 25°C) or when temperatures might become high or during periods of high light intensity.

Blooms and young leaves may react sensitively.

Where to use

BugClear for Fruit & Veg is ideal for ornamental plants, fruits and vegetables.

Do not treat the following ornamental plants:
poinsettias, cyclamens, kalanchoes, African violets, ferns, and ivy.
Do not spray directly onto blooms.

SAME DAY SPRAY AND EAT

How to use

1. Shake well.
2. Using measuring cap provided add 20 ml/1 l of water.
3. Mix and use immediately.
4. Spray evenly, to wet upper and lower surfaces of leaves. Use with a pressure sprayer.

Any run-off onto desirable surfaces should be washed away as staining can occur if the solution is allowed to dry.

Risk and Safety Information

To avoid risks to man and the environment, comply with the instructions for use.

Wash hands and exposed skin after use.
Do not empty into drains.
Do not contaminate water with the product or its container.
Keep out of the reach of children.
Keep in original container, tightly closed, in a safe place. Do not re-use container for any other purpose and dispose of safely.
