

ROSE CLEAR[®] 4 GUN!

MAPP 14575

Sulphur is a mineral that occurs in nature. This form of sulphur is combined with natural fatty acids to give a reduction in powdery mildew, as well as to give useful control of blackfly, whitefly, greenfly, mealybugs, thrips and spider mite.

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN FUNGICIDE AND INSECTICIDE

WHEN TO USE

Sulphur is a protective fungicide. For best results apply a protective spray before infection is established. Repeat at 10-14 day intervals.

WHERE TO USE

Use only on mature plants. Use on roses and other indoor and outdoor ornamental and flowering plants. Do not use on edible crops.

WARNING: Because of the wide range of species/cultivars which it is possible to treat, this product should be tested for safety on a small number of plants of any one species before making more widespread treatments. It should be noted that certain species/cultivars may be particularly susceptible to damage from sprays containing sulphur. Do not use on young seedling plants, ferns or Dianthus spp. Roseclear[®] 4 Gun! may leave a residue (sulphur) on the leaves once dry. This will dissipate over time.

HOW TO USE

SHAKE WELL BEFORE USE

1. Press down firmly on top of trigger head immediately behind the yellow nozzle to depress safety tab.
2. At the same time, twist nozzle to 'SPRAY' position. Spray plants thoroughly to wet upper and lower surfaces of leaves. Turn nozzle to 'OFF' position after use.

Contains 20g/l fatty acids and 5.2g/l sulphur as a ready-to-use aqueous suspension.
