

**Miracle-Gro<sup>®</sup>**

## *azalea, camellia & rhododendron liquid plant food*

### How to use:

- 1** Unscrew cap and remove foil seal.
- 2** Pour a capful of Miracle-Gro into the cap and mix with 4.5 litres (1 gallon) of water in a watering can.
- 3** Soak the soil with Miracle-Gro to feed the roots.
- 4** For foliar feeding pour half a capful of Miracle-Gro in 4.5 litres (1 gallon) of water. Avoid foliar feeding in direct sunlight.
- 5** Use Miracle-Gro from March to September every 2 weeks.

### **UK** Fertiliser Declaration

EC FERTILISER NPK Fertiliser solution with micronutrients 6-4-6.

Total nitrogen (N) 6.0% - Nitric nitrogen 3.5% - Ammoniacal nitrogen (N) 2.5% - Phosphorus ( $P_2O_5$ ) soluble in water 4% - Potassium ( $K_2O$ ) soluble in water 6% - Copper (Cu) soluble in water, chelated by EDTA 0.002% - Iron (Fe) soluble in water, chelated by DTPA 0.06% - Manganese (Mn) soluble in water, chelated by EDTA 0.01% - Molybdenum (Mo) soluble in water 0.001% - Zinc (Zn) soluble in water, chelated by EDTA 0.002%

### **ROI** Fertiliser Declaration

EC FERTILISER NPK Fertiliser solution with micronutrients 6-1.8-5.

Total nitrogen (N) 6.0% - Nitric nitrogen 3.5% - Ammoniacal nitrogen (N) 2.5% - Phosphorus ( $P_2O_5$ ) soluble in water 1.8% - Potassium ( $K_2O$ ) soluble in water 5% - Copper (Cu) soluble in water, chelated by EDTA 0.002% - Iron (Fe) soluble in water, chelated by DTPA 0.06% - Manganese (Mn) soluble in water, chelated by EDTA 0.01% - Molybdenum (Mo) soluble in water 0.001% - Zinc (Zn) soluble in water, chelated by EDTA 0.002%
