

Why use azalea, camellia & rhododendron soluble plant food?

- Ideal for all ericaceous plants indoors and outside whether in pots & containers, hanging baskets, beds & borders.
- Healthier, more beautiful plants within 2 weeks.

...carefully balanced to provide plants with essential nutrients required for optimum growth and flowering.

Miracle-Gro plant food contains

- Nitrogen** which makes sure your plants have healthy, lush, green leaves.
- Phosphate** which makes sure you get strong roots.
- Potash** which gives you more flowers and makes your plants more resistant to disease and drought.
- Micro-nutrients** - Essential for all round plant health and disease resistance.

How to use

Choose the dosage size.

Soak the soil around the base.

Wet the leaves with a fine rose on a watering can.

Feed every 2 weeks from early spring - late summer.

Plant type	Dosage
Beds & borders, pots, containers & hanging baskets	Mix one large spoonful (15ml) in 4.5 litres of water
Houseplants	Mix one small spoonful (1.25ml) in 1 litre of water

- 4.5 litres is 1 gallon (An average size watering can).
- Avoid applying in direct sunlight.
- Avoid over watering or allowing plants to dry out as this can cause damage to the roots.
- Only feed when plants are actively growing.
