

SEED & CUTTING COMPOST

Why use Miracle-Gro Seed & Cutting Compost?

- Enriched with Miracle-Gro organic plant food.
- Optimum root growth... Guaranteed.
- Feeds for up to 6 weeks.

How to Use:

Seed sowing

1. Fill tray or pot and press compost gently to just below rim.

2. Water using fine rose. Sow seeds thinly and evenly.

3. Follow recommendations on the seed packet regarding temperatures, covering and watering.

4. Keep in a warm place until seeds germinate. Remove cover, if used, move to a lighter position, water as necessary. Never over-water.

Cuttings

1. Fill tray or pot and insert cuttings, ensure leaves do not touch. Carefully firm compost around roots and gently water.

2. Maintain humidity by fitting a plastic bag over plants.

3. Keep warm in a well lit place out of direct sunlight.

4. Water only when compost dries out.

Plug plants & herbs

1. Fill tray or pot and insert plants, ensure leaves do not touch. Carefully firm compost around

2. Water only when compost dries out.

roots and gently water.

Growing on:

1. Feed with Miracle-Gro Gro Your Own Concentrated Plant Food after 6 weeks.

2. Once developed or leaves touch, prick out seedlings or rooted cuttings and transplant into Miracle-Gro Fruit and Vegetable Compost.

Also suitable for growing ornamental plants.

Storage:

- Keep compost away from pesticides, particularly lawn weed killers or fertilisers containing lawn weed killers.
- Use compost within a year and keep the bag closed when not being used to prevent it drying out.
- Storing from one year to another may affect performance.

Environmental policy:

At Miracle-Gro we are justly proud of our environmental record and our concern for the environment, both at our production facilities and in your garden. With this in mind we continue to develop outstanding, consistent growing media using a range of peat based, reduced peat and peat free ingredients, many of which make use of otherwise waste material. This product has been categorised as the following:

ZERO PEAT	LOW PEAT	REDUCED PEAT	HIGH PEAT
0%	approx 40% - 60%	approx 60% - 90%	over 90%
