

 **Now Feeding Is As Easy As Watering!**

- Automatically applies plant food evenly at the correct rate.
- Uses convenient refill bottles – No mixing, no measuring, no mess!
- Switches easily between feeding and water only.
- 3 unique spray patterns: shower, jet, flat.

****Feeds 40m² of garden in 20 minutes
Depends on water pressure**

Double action feeding:

1. Through the leaves - for quick greening effect.
2. Through the roots - for healthy, sustainable growth.

For Best Results:

- Feed every 7-14 days (ideally in late afternoon or early morning).
- Spray in each area for just a few seconds until soil is saturated.
- Once empty, bottles cannot be reused.
- To store unused product, recap bottle and store in upright position at 0-38°C

Convenient 2 and 4 packs of refill bottles also available!
