

# ORGANIC CHOICE

## *giant fruit & vegetable planter*

### PLANTING

Place planter in a sunny frost-free position. Shake bag to distribute contents evenly and cut out panels along dotted lines. When only planting two plants use the end panels. Delay planting tomatoes until the first flower opens. For lettuce, herbs and other leafy crops, transplant as soon as large enough to handle.

### WATERING

After planting, water in using about 6 litres (approx. 1.5 gallon) and then water as necessary to keep the bag moist. This planter requires less watering than smaller growing bags.

### FEEDING

This planter contains enough organic fertilizer to feed leaf crops for up to eight weeks. After this time we recommend feeding with Miracle Gro Organic Choice Fruit & Vegetable Liquid Plant Food.

### GROWING TIPS

Canes and other support structures may be inserted in the planter for crops such as peas, beans and tomatoes. Take care to avoid piercing the bottom of the bag when inserting any supports. As the plants get bigger, train them to fan out so that they receive maximum light and air.

**We recommend you always wear gloves when gardening.**

CROP	PLANTS PER BAG	START FEEDING WHEN
Tomatoes - under glass	3	The fruit on first truss is pea sized
Tomatoes - outdoor	3	The fruit on second truss is pea sized
Peppers & Aubergines	3	The fruit is the size of a golf ball
Melons	3	The first fruit is swelling
Courgette/Marrows/Cucumbers	3	The first picking commences
Lettuce, herbs and other salad leaves	12	After eight weeks
Strawberry Plants	9	After eight weeks
Beans and Peas	9	After eight weeks

FEEDING: After 6-8 weeks we recommend regular feeding with Miracle-Gro Organic Choice Fruit & Vegetable Liquid Plant Food.

Specially formulated organic fruit and vegetable compost: 100% chemical free\* and 100% peat free for stronger, healthier plants.
