## Grass Seed, Feed & Coir

Miracle-Gro's market  
leading expertise  
now extends to  
Grass Seed

### The Miracle-Gro Patch Magic story

Getting the results you want when you seed can be a challenge. That's why we created **Miracle-Gro Patch Magic**.

The only patching mix that takes care of the seed for you, so you can grow thick, beautiful grass ANYWHERE!

Just apply, add water and let it start to work.

Coir is a unique, super-absorbent, growing material which acts like top soil - only better! Miracle-Gro Patch Magic coir absorbs 8 times its weight in water like a sponge,

and expands 4 times its volume to surround the seeds in a moist, protective layer.

It continues to care for the seeds, providing them with water and nutrients, so they build stronger roots that survive tough conditions.

Miracle-Gro Patch Magic even tells you when to add water!

When it turns light brown, add water until dark brown.

## Revolutionary patching mix - grows anywhere **GUARANTEED!**

Miracle-Gro Patch Magic is developed to survive in virtually every condition from harsh sun to dense shade. The result - thicker, beautiful, long lasting grass!

Our unique combination of coir, grass seed and Miracle-Gro plant food provides the optimum environment to grow grass anywhere - even on concrete!

Dry, sunny areas
