

For healthy plants and fruit & veg nourish them with **ORIGINS® ORGANIC PLANT FOOD**. We've looked to the natural world and packed our plant food full of organic ingredients such as sugar beets and guano rock phosphate (aged bird droppings to you and me).

All of which supports strong growth as well as healthy flowering and fruiting.

This combination of 100% natural ingredients gives your plants and veggies everything they need to flourish with more fruit and vegetables for you, guaranteed *

HOW TO USE

• Dilute 10ml of plant food to 1L of water and soak the soil at the base of the plant.
• For fast growth crops e.g. tomatoes feed with 1L of diluted feed per plant each week

• For medium growth crops e.g. flowering plants and peppers feed with 200ml - 500ml of diluted feed per plant each week

• For slow growth crops e.g. strawberries and lettuce feed with 200ml - 500ml of diluted feed per plant, 2 to 3 times in the season
Only feed when plants are actively growing. For tomatoes and peppers this is when first fruits have set.

INGREDIENTS

UK FERTILISER DECLARATION

Compound Fluid Fertiliser NPK 3-2-5

Nitrogen (N) total	3.0%
Phosphorus pentoxide (P ₂ O ₅) total	2.0%
Phosphorus pentoxide (P ₂ O ₅) soluble in water	1.5%
Potassium oxide (K ₂ O) total	5.0%

ROI FERTILISER DECLARATION

Low Nutrient Fertiliser NPK

Compound 3-0.9-4.2

Nitrogen (N) total	3.0%
Phosphorus (P) soluble in water	0.7%
Phosphorus (P) soluble in mineral acids only	0.9%
Potassium soluble in water (K)	4.2%

ADDITIONAL INFO

Crops are fine to harvest and eat as normal after feeding. Always wash before eating.

SAFETY INSTRUCTIONS

Keep out of reach of children. Wash splashes from skin. Store out of direct sunlight, in a cool place between 5 and 35°C.
