

MAPP No. 18692
PCS No. 06259

Roundup Speed Ultra is a fast acting weedkiller with no glyphosate* for use on unwanted vegetation. It can be used to kill broad leaved weeds and grasses in paths, drives, patios and around the bases of roses, ornamental shrubs and trees. Treated areas can be re-planted or re-seeded the day after treatment.

INSTRUCTIONS FOR USE

When to use

- Use in March to October when the weeds are actively growing and have adequate leaf area to absorb the spray.
- Rain within 6 hours of spraying reduces effectiveness and repeat treatment may be necessary.
- Apply in calm conditions to avoid drift onto cultivated plants.
- Repeat treatment by after a minimum of 14 days where re-growth occurs.
- For deep-rooted perennial weeds such as bindweed use a product containing glyphosate, for example Roundup® Total Weedkiller.
- Maximum number of treatments: 4 per year.

Where to use

- Controls most weeds around the garden, e.g. gravel areas, paths, drives, hard surfaces, patios, tarmac, along fences and for edging lawns.
- Can be used to clean up weeds ground before planting vegetables, flowers, bushes and trees, and to renovate overgrown areas.
- Do not use on lawns or other plants you want to keep.

How to use

- Although not a requirement, as good practice, we recommend wearing waterproof gloves and gardening footwear.
- Push the security tab until it breaks from the trigger.
- Rotate nozzle to 'spray' or 'stream'. Hold the sprayer approx. 50 cm away from the target weed and spray to lightly wet the weeds - avoid run-off.
- Rotate nozzle to stop after use.
- Apply at no more than 100 ml/m².

Restrictions

- Avoid contact by spray and spray drift with cultivated plants and desired vegetation.
- To avoid transfer to lawns and other desired vegetation do not walk into treated areas until the product has dried.
- Do not re-use empty bottle.

RISK AND SAFETY INFORMATION

To avoid risks to human health and the environment, comply with the instructions for use.

- Read label before use • Keep out of reach of children • Keep only in original container • Dispose of contents/container to household waste recycling centre as hazardous waste except for empty containers which can be disposed of by recycling. Contact your local council for details. • If medical advice is needed, have product container or label at hand.
- Do not contaminate water with the product or its container.

DO NOT EMPTY INTO DRAINS, SINKS OR OTHER WATER POINTS

MAPP No. 18692; PCS No. 06259

- Treat established perennial weeds before the start of flowering to give best results. • Spray nettles and ground elder when new leaves have unfolded fully in late spring. • Weeds may show first effects within an hour of spraying, depending on the weather and the type of weed.
- Treated areas can be re-planted or re-seeded the day after treatment. • Repeat application if necessary, should new growth appear.

This product is a home garden weedkiller for use on unwanted vegetation and areas not intended to bear vegetation. It contains 60 g/l acetic acid in a ready to use solution.

*This claim is provided to help distinguish from other formulas that may contain glyphosate.
