

Osmocote® – The Original Controlled Release Fertiliser
Osmocote® Rose, Gardenia & Azalea Controlled Release Fertiliser is boosted with Potassium and Iron for more beautiful blooms and greener foliage. Osmocote® controlled release technology feeds for up to 6 months, releasing nutrients only when plants need them so there is less excess and leaching, keeping our environment healthy.

HOW TO USE

Simply sprinkle Osmocote® onto the soil around your plants. No need to water in.

Reapply in 6 months according to the application rates.

APPLICATION RATES

Usage	Amount of Osmocote®
Planting	4 TBL/30cm of plant height
Established	6 TBL/30cm of plant height
TBL = tablespoon = 15g
