## HAZARDOUS

#### COMPOSTS, POTTING MIXES AND OTHER ORGANIC MATERIALS

This product is made from organic materials, including composted pine bark, and contains living microorganisms, including bacteria, fungi and protozoa. Also contains mineral and fertiliser additives. This product contains animal by products and must be properly incorporated into the soil before allowing ruminants or herbivore livestock to graze in treated areas.

**RISK:** Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

**SAFETY:** Avoid contact with eyes and skin. Avoid breathing dust and/or liquid mists (bioaerosols). Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and AS/NZS 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

**FIRST AID:** Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

**DISPOSAL:** Follow safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

For further information, refer to the Material Safety Data Sheet for this product which is available from Scotts Australia Pty Ltd.

## How to use

#### Beds & Borders

Make a hole in the garden bed, twice the size of the root ball.

Place the plant in the hole, and fill with the mix.

Firm around the base and water.

#### Pots & Planters - Seeds

Fill with the mix to below the rim of the container.

Sow seeds following the instructions on pack.

Water gently, ensure seeds are kept moist.

#### Pots, Planters & Hanging Baskets - Seedlings & Plants

Fill with the mix to below the rim of the container.

Make a small well the size of the plant's root ball and place plant in the well. Fill the rest of the container with mix.

Firm lightly around base and water thoroughly.

### USEFUL TIPS

We recommend feeding your crops with one of the Scotts Pure Organics Plant Foods after 3 months.

We recommend replacing soil in pots and containers annually to ensure that you get the best growing performance.

#### NATURAL AND ORGANIC INGREDIENTS

**Blood and Bone.** High in organic Nitrogen and Phosphorus for healthy leaf growth and root development. High in Calcium for stronger stems.

**Fish Meal.** High in slow release nutrients and micronutrients that feed your plants and the healthy biotics that improve soil structure.

**Seaweed.** Improves overall health and increases resistance to drought, frost, disease and insect attacks.

**Chicken Manure.** Rich in Nitrogen, Phosphorus and Potash - supplies your plants with vital nutrients and amends soils with a boost in organic material.

**Feather Meal.** High in slow release Nitrogen - provides your plants with slow release feeding.

**Bio Stimulants.** Act as soil and plant conditioners, and maximise nutrient availability and uptake.

This product contains Iron Sulphate for the prevention and correction of Iron deficiencies in plants.

### IMPORTANT KEEP OUT OF REACH OF CHILDREN & PETS

Seek medical advice if ingested in large quantities.
