

Buffalo

LAWN FERTILISER

Buffalo (including soft-leaf varieties) is an overall hardy grass type but it may take longer to repair itself than other grasses & can lose its colour, health & vitality especially over the colder months.

Lawn Builder Buffalo is specially formulated to bring out the best in your Buffalo lawn.

WHEN TO APPLY?

Apply anytime during the growing season. Avoid using when rain or temperatures over 30°C are expected.

HOW TO PREPARE

1. Connect your hose to the easy sprayer. Turn the tap on.
2. Slide the thumb switch to the ON position to feed your lawn while you water OR slide to WATER position to just water your lawn or garden.
3. Use a sweeping motion to apply the contents to 180m² of grass. For accurate dispensing, check the handy view strip.
4. When finished, switch to OFF position and turn the tap off.

GUARANTEED ANALYSIS NPK 25:0:2

25.2%	Nitrogen (N)	2.3%	Potassium (K) as nitrate
	0.8% as nitrate	0.6%	Iron (Fe) (5840mg/L)
	24.4% as urea		

^okay to re-enter lawn after application
