

**Osmocote® – The Original Controlled Release Fertiliser**  
**Osmocote® Cacti & Succulent Controlled Release Fertiliser**  
 is a carefully balanced formula with lower nitrogen and increased potassium to promote steady growth and flowering while improving resistance to pests and disease. Osmocote's controlled release technology feeds for up to 6 months, releasing nutrients only when plants need them so there is less excess and leaching, keeping our environment healthy.

### HOW TO USE

Simply sprinkle Osmocote® onto the soil around your plants. No need to water in. Reapply in 6 months according to the application rates.

### APPLICATION RATES

Pot Diameter	Amount of Osmocote®
15cm	1 TBL
20cm	2 TBL
25cm	3 TBL
30cm	5 TBL
45cm	3/4 Cup

TBL = tablespoon = 15g
