

DEFENDER™ Snail & Slug Pellets

Scatter around and between plants.

Or sprinkle around garden perimeter.

SITUATION	PESTS	RATE	HOW TO USE
Garden plants and vegetables	Common garden snails and slugs	5g/m ²	For best results, scatter the pellets thinly, approximately 10cm apart over the soil around and between plants. Sprinkle around the garden on a warm, moist evening, after rain or after garden watering when snails and slugs are most likely to attack your precious plants and vegetables. DO NOT HEAP PELLETS.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED.

Taste Deterrent Discourages Children:

These pellets contain Bitrex™, the bitterest substance known to man, to act as a taste deterrent to discourage consumption by children.

12,000 Smaller, Harder, Pellets:

Defender Snail & Slug Pellets are not only smaller, but spread further and are more difficult for pets to pick up from garden beds.

CAUTION:

Store in original container. Lock in a safe place preventing access of children, animals, poultry or ducks. Keep away from domestic pets. Keep away from dogs. Dogs find this bait attractive and it may kill them. If pets are poisoned, contact a veterinary surgeon. Do not allow chemical containers or pellets to enter drains, sewers, streams or ponds.

SAFETY DIRECTIONS:

Poisonous if swallowed.
Wash hands after use.

FIRST AID:

If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.
