

Horticultural Charcoal

Debco Horticultural Charcoal is chunky and light weight, retains moisture and loosens up mixes and soils allowing room for root system development. Charcoal can also be used as a top dress to act as a filter to purify air and water passing through it. Perfect for growing Orchid Epiphytes, fish tanks and terrariums.

Horticultural Charcoal is organic matter primarily composed of carbon. It is ideally used as a conditioner to improve potting and planting mixes. It can also help with drainage and contains natural phenols which aid in preventing plant disease.

Debco Horticultural Charcoal is ideal in the following applications

- Epiphytic orchid mix
- Terrestrial orchid mix

HAZARDOUS

COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials and contains living micro organisms including bacteria, fungi and protozoa. May also contain mineral additives.

RISK Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hay fever or asthma, to pneumonia (eg Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

SAFETY Avoid contact with eyes and skin. Avoid breathing dust and/or mists (bioaerosols). Wear suitable protective clothing and standard light gloves (AS2161). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 or 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

FIRST AID Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

DISPOSAL Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

MANUFACTURER DEBCO PTY LTD, 12 MCKIRDYS ROAD, TYABB VIC 3913 AUSTRALIA
