

Terracotta & Tub™

Debco Terracotta & Tub™ Potting Mix has been developed from years of experience in the production of superior potting mixes for professional nursery growers.

Terracotta & Tub™ Mix contains quality key additives to deliver optimal growth and has been specifically formulated for growing the **broadest range of plants** in tough conditions like porous terracotta pots, wooden tubs and hanging baskets.

Controlled Release Fertiliser
Distributes nutrients as plants need it, up to 6 months

Wetting Agent
Ensures nutrients get to the root zone

Trace Elements
Micro-nutrients vital to plant growth

Water Storing Crystals
Absorbs and retains water in the mix

Coir Peat
Increases water holding capacity

HOW MUCH MIX?

POT SIZE	VOLUME	10L BAGS
500 mm (20")	40L	4
400 mm (16")	30L	3
300 mm (12")	20L	2

SUSTAINABILITY COMMITMENT

Materials used in the production of Debco potting mixes are sourced from renewable and sustainable resources where possible.

HOW TO USE

Debco Terracotta & Tub™ Potting Mix is ready to use straight from the bag with no further additives required.

- 1 Select a clean pot at least 25 mm wider than the original and partly fill with potting mix.
- 2 Turn the plant out of its container. Loosen root ball gently and remove any rotten or entirely dried out roots.
- 3 Position the plant in the pot and fill with potting mix. Do not pack down.
- 4 Water thoroughly and protect plant from wind, heat and strong sunlight for around 5 days.

ONGOING PLANT CARE

- Debco Terracotta & Tub™ Mix contains a balanced fertiliser but additional fertiliser may be required in time, depending on plant needs.
- Plants should be watered immediately after potting and frequently enough to ensure the mix remains moist but not wet. Avoid allowing plants to dry out.
- Plants should be re-potted with new potting mix when they outgrow the pot or after 12 - 18 months.

SAFETY TIPS

We recommend you always wear gloves when gardening. Wear a particulate mask if dusty.

HAZARDOUS

This mix complies with the requirements of AS3743 for a premium grade potting mix.

COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS
This product is made from organic materials, including composted pinebark, and contains living micro-organisms, including bacteria, fungi and protozoa. Also contains mineral and fertiliser additives.

RISK
Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

SAFETY
Avoid contact with eyes and skin. Avoid breathing dust and/or liquid mists (bioaerosols). Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and AS/NZS 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

FIRST AID
Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

DISPOSAL
Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

For further information refer to the Safety Data sheet.
