

Citrus Mix

premium potting & planting mix

Debco Premium **Citrus Mix** has been developed from years of experience in the production of potting mixes for professionals who specialise in growing fruit and citrus trees.

Debco Citrus Mix is manufactured from the highest quality composted materials with added nutrients to promote healthy plant growth and improved fruit development.

The formulation is perfect for growing the broadest range of fruit bearing trees including citrus, stone, olive and vine trees.

Fertiliser
Control Release

Controlled Release Fertiliser

Distributes nutrients as plants need it.

Seaweed

Seaweed Fertiliser

Promotes biological activity in the soil.

Wetting
Agent

Wetting Agent

Ensures nutrients get to the root zone.

Trace
Elements

Trace Elements

Micro-nutrients vital to plant growth.

HAZARDOUS

COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials, including composted pinebark, and contains living micro organisms including bacteria, fungi and protozoa. May also contain mineral and fertiliser additives.

RISK Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (eg Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

SAFETY Avoid contact with eyes and skin. Avoid breathing dust and/or mists (bioaerosols). Wear suitable protective clothing and standard light gloves (AS2161). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS1715 or 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

FIRST AID Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

DISPOSAL Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

MANUFACTURER DEBCO PTY LTD, 12 MCKIRDYS ROAD, TYABB VIC 3913 AUSTRALIA

DISCLAIMER The information contained on this label is given in good faith. It is accurate to the best of our knowledge but as the manufacturer or supplier cannot exercise control over the use of this product, they accept no responsibility for any damage, injury or loss of living things, soils or materials which may result from its use or storage.

Debco is committed to using renewable resources wherever possible. Citrus Mix is produced with renewable resources.

HOW TO USE

Debco Premium Citrus Mix is ready to use straight from the bag with no further additives required.

PLANTING IN POTS

- Citrus require full sun.
- Fill a large clean pot with the planting mix allowing room to add the new plant.
- Ensure the pot has sufficient drainage.
- Turn the plant out of its container and remove any rotten or entirely dried out roots.
- Position the plant and fill the pot to approximately 4 cm below the rim of the pot with mix.
- Soak with water and protect from wind.

IN GROUND USE

Dig a hole 2–3 times the size of the pot and blend mix 50/50 with your garden soil when planting potted or bagged fruit trees.

ONGOING PLANT CARE

- A quality 4 month balanced fertiliser was added at manufacture but additional fertiliser may be required. Citrus trees require feeding once per season with a suitable controlled release fertiliser.
- Citrus prefer deep watering. Water more often during very hot or windy weather when your tree is in flower or forming small fruit.
- Plants should be re-potted with new potting mix when they outgrow the pot or after 12–18 months.
