

Lawn Soil

Lawn Soil

Debco Lawn Top-Dress & Underlay has been developed from years of experience in manufacturing the highest quality composted ingredients for professional growers.

Ideal to use as an **underlay for new turf** or as a **top-dress for existing lawns**. Lawn Soil contains quality key additives including nitrogen and iron for a greener, healthier looking lawn. Specifically formulated to add vital organic matter to your soil allowing your lawn to absorb nutrients more readily.

Slow Release Fertiliser
Distributes nutrients as plants need it, up to 3 months

Wetting Agent
Ensures nutrients get to the root zone

Iron
Essential for healthy greener lawns

HOW MUCH MIX?

TOP DRESS	Layer at 1cm & spread
20m ² = 200L	8 x 25L Bags
5m ² = 50L	2 x 25L Bags
1m ² = 10L	<1/2 x 25L Bag
UNDERLAY	Layer at 5cm & dig through
1m ² = 50L	2 x 25L Bags
NEW BEDS	
$\frac{\text{Length (cm)} \times \text{Width (cm)} \times \text{Height (cm)}}{(\text{divided by}) 1000} = \text{Litres required}$	

SUSTAINABILITY COMMITMENT

Materials used in the production of Debco compost mixes are sourced from renewable and sustainable resources where possible.

HOW TO USE

Debco Premium Lawn Soil is ready to use straight from the bag with no further additives required.

USED AS A TOP-DRESS

- 1 Ensure your lawn is clean of leaves, rocks and other debris.
- 2 Aerate soil with a garden fork or aeration machine to increase air and water penetration.
- 3 Rake a thin layer of top-dress evenly over your lawn ensuring the blades of the grass can still be seen.
- 4 Water area thoroughly.

USED AS A LAWN UNDERLAY

- 1 Remove leaves, rocks and other debris from your proposed lawn and level out the area using a rake.
- 2 Use a rake to spread the mix evenly across lawn area at approximately 5cm and dig through.
- 3 Install rolls of turf on top of the prepared area or apply seeds to create new lawn.
- 4 Water area thoroughly.

ONGOING LAWN CARE

- Debco Lawn Soil contains a quality 3 month balanced fertiliser but additional fertiliser may be required in time, depending on plant needs.
- Lawn should be watered immediately after laying and frequently enough to ensure the mix remains moist but not wet.
- For best results top-dress every year.

SAFETY TIPS

We recommend you always wear gloves when gardening. Wear a particulate mask if dusty.

HAZARDOUS

This mix complies with the requirements of AS4454 for a premium grade compost mix.

COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS
This product is made from organic materials, including composted pinebark, and contains living micro-organisms, including bacteria, fungi and protozoa. Also contains mineral and fertiliser additives.

RISK
Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

SAFETY
Avoid contact with eyes and skin. Avoid breathing dust and/or liquid mists (bioaerosols). Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and AS/NZS 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

FIRST AID
Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

DISPOSAL
Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

For further information refer to the Safety Data sheet.
