

# Compost

premium soil improver

Debco Premium **Compost** is manufactured from the highest quality composted ingredients with added nutrients to promote strong, healthy plant growth.

Debco Premium Compost is ideal for constructing new vegetable gardens, raised garden beds or improving existing soil condition. Rich humus will increase the organic matter in sandy soils and will assist in breaking down clay in heavy soils.

This compost can be used for a broad range of plant types including vegetables, herbs and salad greens.

**Controlled Release Fertiliser**  
Distributes nutrients as plants need it.

**Seaweed Fertiliser**  
Promotes biological activity in the soil.

**Wetting Agent**  
Ensures nutrients get to the root zone.

**Trace Elements**  
Micro-nutrients vital to plant growth.

## HOW TO USE

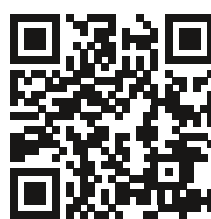

Debco Premium Compost is ready to use straight from the bag with no further additives required.

- Prepare area by removing any weeds or grass.
- Create new vegetable gardens by using straight from the bag. Apply at a depth to suit the requirements of the range of chosen plants.
- Improve poor soil by applying a 5cm layer on top and blending through existing garden.
- Follow instructions on plant label for depth and location requirements.
- Apply a layer of mulch (avoiding plant stem) to maintain moisture and soil temperature.

## ONGOING PLANT CARE

- A quality 4 month balanced fertiliser was added at manufacture but additional fertiliser may be required in time, depending on plant needs.
- Plants should be watered immediately after planting and frequently enough to ensure the mix remains moist but not wet. Avoid allowing plants to dry out.
- For best results top the soil every time you plant.

## HOW MUCH MIX?

### SOIL IMPROVER

Layer at 5cm	1 m <sup>2</sup> = 50L	3 m <sup>2</sup> = 150L
and dig through	2 m <sup>2</sup> = 100L	4 m <sup>2</sup> = 200L

### PLANTING MIX

Layer at 20cm : 1 m<sup>2</sup> = 200L

### NEW BEDS

Length (cm) x Width (cm) x Height (cm)	= Litres required
(divided by) 1000	

## HAZARDOUS

### COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials, including composted pinebark, and contains living micro organisms including bacteria, fungi and protozoa. May also contain mineral and fertiliser additives.

**RISK** Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (eg Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

**SAFETY** Avoid contact with eyes and skin. Avoid breathing dust and/or mists (bioaerosols). Wear suitable protective clothing and standard light gloves (AS2161). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS1715 or 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

**FIRST AID** Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

**DISPOSAL** Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

**MANUFACTURER** DEBCO PTY LTD, 12 MCKIRDYS ROAD, TYABB VIC 3913 AUSTRALIA

For further information refer to the Material Safety Data Sheet for this product which is available from Debco Pty Ltd.

**DISCLAIMER** The information contained on this label is given in good faith. It is accurate to the best of our knowledge but as the manufacturer or supplier cannot exercise control over the use of this product, they accept no responsibility for any damage, injury or loss of living things, soils or materials which may result from its use or storage.

Debco is committed to using renewable resources wherever possible. Premium Compost is produced with renewable resources.

## DEBCO QUALITY

Debco is a committed member of Nursery Industry Associations and Australian Standards for Potting Mix committee. Debco is a significant contributor to the maintenance of Australian Standards and uses the standards of professional nursery growers as the benchmark for the production of these products. Debco is **the choice of leading professional growers** for the production of best quality flowering annuals & perennials, trees & shrubs and mature plants.
