

LAWN MAINTENANCE

LAWN DRESSING

HOW TO USE

FOR NEW LAWNS

Spread Miracle-Gro® Lawn Dressing over the prepared ground with the back of a rake and work it well into the surface. The seeds or turf can then be applied directly on top.

AERATING & IMPROVING DRAINAGE

In autumn, spike the whole lawn area down to a depth of at least 8 cm with a garden fork or an aerator. Spread Miracle-Gro® Lawn Dressing over the lawn with the back of a rake or stiff brush, working it well into the holes that have been created.

REPAIRING DIPS AND HOLES IN YOUR LAWN

Spread Miracle-Gro® Lawn Dressing evenly into any holes in the lawn pressing it down firmly so that the ground is level and even. You can then apply grass seed from the Miracle-Gro® Lawn Seed range, for a thick green lawn.

USEFUL TIPS

To achieve a lush, green lawn we recommend the following:

1. SCARIFYING

Use a lawn rake to remove the build up of dead grass and moss in your lawn (known as ‘thatch’).

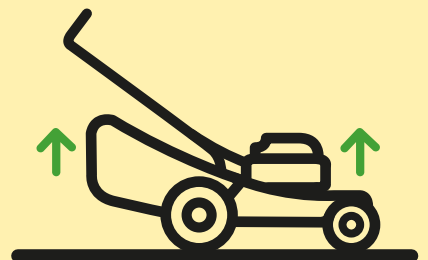

Scarification allows air, nutrients and water to easily enter the soil, resulting in deeper roots and new, stronger blades of grass.

2. AERATING

Also known as spiking, aerating your lawn will relieve compaction in well-used areas that have become hard.

Once you have aerated, air, water and nutrients will be able to flow down into the soil and this is when we recommend applying your Miracle-Gro® Lawn Dressing.

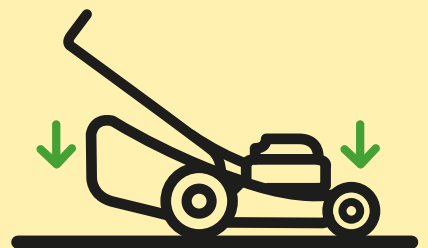

Higher blade setting, early season

3. MOWING

Start mowing in the spring with a higher blade setting, gradually lowering as the season progresses.

Avoid mowing when the grass is very wet as this will damage the lawn.

Lower blade setting, mid season

WE ARE PROUDLY SUPPORTING GREENFINGERS CHARITY

Registered Charity Number 1076640

Established in 1999, Greenfingers is a national charity dedicated to supporting life-limited children and their families who spend time in hospices around the UK. Miracle-Gro® has supported Greenfingers since 2019, with both annual donations and through staff fundraising activities.

HEALTH, SAFETY & STORAGE ADVICE

Miracle-Gro® Lawn Dressing

Keep out of reach of children and pets.

Wear gardening gloves and wash hands after use.

Open bag carefully, use in a well ventilated area and avoid breathing in dust.

Storage: Keep the bag closed when in storage to prevent drying out.

Store in a cool place, away from direct sunlight.

Storage from one year to another may affect performance or product quality may deteriorate during storage.

Keep away from pesticides.
