

Osmocote® – The Original Controlled Release Fertiliser

Osmocote® Tomato, Vegetable & Herb Controlled Release Fertiliser is boosted with high Iron for abundant vegetables and Calcium for preventing blossom end rot. Osmocote® controlled release technology feeds for up to 6 months, releasing nutrients only when plants need them so there is less excess and leaching, keeping our environment healthy.

HOW TO USE

Simply sprinkle Osmocote® onto the soil around your plants. No need to water in. Reapply in 6 months according to the application rates.

APPLICATION RATES

Usage	Amount of Osmocote®
Vegetable Patch	4 TBL / square metre
Pots	1 TBL / 20cm pot

TBL = tablespoon = 15g
