

**WHY CHOOSE
WEEDOL® PS
PATHCLEAR™
WEEDKILLER?**

- ✓ **KILLS** weeds to the roots.
- ✓ **PREVENTS** new weeds for up to 3 months by creating an invisible barrier.

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN WEEDKILLER. For use on natural surfaces not intended to bear vegetation and permeable surfaces overlying soil.

READ ALL SAFETY INSTRUCTIONS BEFORE USE.

WHEN TO USE

Use Mar - Sept, when weeds are small and actively growing.

J F M A M J J A S O N D

Use on a dry day and do not apply in windy conditions. Do not apply if rain is expected within 6 hours of application. Avoid treating in waterlogged conditions.
Maximum number of treatments: one per year.

WHERE TO USE

Use on gravel, paths, drives, patios, along fences and walls and around established trees and shrubs. Apply carefully making sure product does not contact the foliage/trunk of these plants. DO NOT use on impermeable surfaces or surfaces underlaid with impermeable material, such as concrete, tarmac, decking and paved areas, where the weedkiller solution might run off onto adjacent land, or into drains or gutters. Direct spray away from water.

HOW TO USE

SHAKE WELL BEFORE USE. Mark out area to be treated in metre squares. **Maximum individual dose:** 30 ml / 1 m².

1. Press down firmly on top of trigger head immediately behind yellow nozzle to depress safety tab. At the same time, twist nozzle to spray position (¼ turn either way).
2. Hold 50 cm away from the target. Lightly spray the weeds and surface in the area to be treated. Ensure weeds and soil are evenly wetted. Approximately 31 trigger pulls treat 1 square meter.
3. Turn the nozzle to off position after use.

Visible effects in 14 days. Weed death may take up to 28 days (in cold weather activity is slower).

To achieve maximum persistence of weed control, do not disturb or cultivate treated soil.

CAUTION

Kills all green plant growth and prevents seed germination. Avoid contact by spray and spray drift with cultivated plants and desired vegetation. To avoid transfer to lawns and other desired vegetation, do not walk into treated areas until the product has dried. DO NOT apply to cultivated areas or lawns unless you want to kill them. If an area needs to be cultivated allow at least 6 months between treatment/replanting and dig the soil well to reduce risk of damage to subsequent planting. Where this or other products containing diflufenican are applied in successive years, diflufenican will build up in the soil. There is a risk of damage to subsequent plantings even if the soil is well dug.

SAFETY INSTRUCTIONS

TO AVOID RISKS TO HUMAN HEALTH AND THE ENVIRONMENT, COMPLY WITH THE INSTRUCTIONS FOR USE.

Protection during / in use

Keep off skin. Wash off splashes immediately. Wash hands and exposed skin after use. If medical advice is needed, have product container or label at hand. Do not eat, drink or smoke when using this product. Keep children and pets away from treated areas until spray has dried.

Environmental protection

Use appropriate containment to avoid environmental contamination. Do not contaminate water with the product or its container. Do not empty into drains. Direct application away from ponds and other surface water bodies. Do not apply in windy conditions to avoid spray drift onto other plants.

Storage and disposal

Keep out of reach of children. Keep away from food, drink and animal feeding stuffs. Keep product away from children and pets. KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place. Do not re-use container for any other purpose and dispose of safely. Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of by recycling. Contact your local council for details.

Toxic to aquatic life with long lasting effects.

PROTECT FROM FROST

Contains 3.6 g/L glyphosate and 0.576 g/L diflufenican as a ready to use formulation (AL).
