

MAPP 14801
PCS No: 03288

**Systemic Fungicide and
Insecticide ideal for Roses, other
Flowering and Ornamental Plants**

SAFETY INSTRUCTIONS

Protection during/in use

KEEP OFF SKIN. DO NOT BREATHE SPRAY.
WASH HANDS AND EXPOSED SKIN AFTER USE.

Environmental protection

Use appropriate containment to avoid environmental contamination.
Do not contaminate water with the product or its container.

Do not empty into drains.

Direct spray away from ponds and other surface water bodies.

Apply away from bees and open flowers.

Storage & disposal

KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed in a safe place.

PROTECT FROM FROST.

KEEP AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS.

KEEP PRODUCT AWAY FROM CHILDREN AND PETS.

KILLS: Aphids (greenfly and blackfly)
within 24hrs.

FIGHTS: Existing infections of blackspot,
powdery mildew and rust.

PROTECTS: Plants against further infestations of
aphid and disease attack, including new growth.

For best control of plant disease spray at first signs of
disease and continue spraying regularly for the rest of
the season.

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN INSECTICIDE AND
FUNGICIDE ON ORNAMENTAL PLANTS. FOR OUTSIDE USE
ONLY. Read all safety instructions before use.

WHEN TO USE April to the end of September.

Spray at first sign of disease / aphid attack and repeat at
21-28 day intervals. If disease / aphids are already established,
spray at intervals of 14 days.

Where roses were infected with blackspot the previous season,
spraying should start in spring as buds burst.

Maximum number of treatments: 4 per year.

Spray in calm conditions, avoiding bright sunlight,
drought and frosts.

Pesticide resistance in some aphids is widespread.

Where resistant pests are present, this product is unlikely
to give control.

WHERE TO USE RoseClear Ultra Gun! has been shown to be
safe to many species and varieties of plants. However it is always
advisable to test a sample of plants, by treating them and leaving
for a few weeks, before treating a large or valuable collection.

HOW TO USE SHAKE WELL BEFORE USE.

1. To open the spray, twist nozzle to spray position.
1/4 turn right for the wide spray
2. At the same time, twist nozzle to 'SPRAY' position.
Spray plants thoroughly to wet upper and lower surfaces of
leaves. Turn nozzle to the 'Stop' position after use.
3. To minimise the risk to bees spray early morning (7-9am)
or evening (6-8pm), when bees are less active.
Evergreen Garden Care UK Ltd, 1 Archipelago, Lyon Way,
Frimley, Surrey, GU16 7ER
