

TIPS

REPLANTING AND SOWING: Treated area can be re-planted 7 days after spraying (to allow the weedkiller to move to the roots before cultivation).

CAUTION

Weedol® Rootkill Plus™ kills all green plant growth including lawn grasses. DO NOT APPLY TO LAWNS AND PLANTS IF YOU WANT TO KEEP THEM.

Avoid all contact by spray and spray drift with cultivated plants and desired vegetation.

Direct application away from ponds and other surface water bodies.

SAFETY INSTRUCTIONS

Protection during / in use

Keep off skin.

Do not breathe spray.

Wash hands and exposed skin after use.

Keep children and pets away from treated areas until spray has dried.

Environmental protection

Use appropriate containment to avoid environmental contamination.

Do not contaminate water with the product or its container.

Do not empty into drains.

Storage and disposal

Keep away from food, drink and animal feeding stuffs.

Keep product away from children and pets.

KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place.

EMPTY CONTAINER COMPLETELY and dispose of safely.

Risk and Safety Information

To avoid risks to human health and the environment, comply with the instructions for use.

Read label before use.

Do not eat, drink or smoke when using this product.

Keep out of reach of children.

If medical advice is needed, have product container or label at hand.

For the UK only: Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of in the dustbin. Contact your local council for details.

For ROI only: Dispose of contents/container to a licensed waste disposal contractor or collection site, except for triple rinsed empty containers, which can be disposed of as non-hazardous waste.

**Toxic to aquatic life
with long lasting effects.**

MAPP 14553 PCS No. 02464

PROTECT FROM FROST

Contains 120 g/L glyphosate and 0.33 g/L pyraflufen-ethyl as a suspension emulsion formulation (SE).

8 x 25 ml e tubes

Treats up to 240 m²
Each tube treats up to 30 m²

Weedol®

ROOTKILL PLUS™

WEEDKILLER

MAPP 14553
PCS No. 02464

WHY CHOOSE WEEDOL® ROOTKILL PLUS™?

- ✓ **SYSTEMIC** weedkiller, killing all garden broad-leaved and grass weeds down to the root so they won't grow back.
- ✓ **ACTS FAST**, with results visible in just 24 hours.

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN WEEDKILLER

Use on unwanted vegetation, areas not intended to bear vegetation and around garden plants.

READ ALL SAFETY INSTRUCTIONS BEFORE USE

Maximum individual dose: 25 ml of product per 14 square metres.

WHEN TO USE

Use April - November, when weeds are actively growing.

Use on a dry, calm day. Re-treat if rain falls within 6 hours of application.

WHERE TO USE

Weedol® Rootkill Plus™ can be used to control weeds on gravel areas, paths and drives, along fences, around sheds and greenhouses. Around the base of roses, ornamental shrubs, trees and under hedges (providing they are established, with woody bark). Take care to avoid drift!

Weedol® Rootkill Plus™ is ideal for ground clearance before autumn or spring digging and killing old lawns before reseeded or turfing.

DO NOT USE ON LAWNS, UNLESS YOU WANT TO KILL THEM.

or turfing

HOW TO USE

SHAKE WELL BEFORE USE.

- Use either: Watering can with a Weedkiller Sprinkle Bar or a fine rose, or a garden sprayer.
- Simply snap off (or cut open) the top of the tube and mix with 1 litre of water in a sprayer, or 5 litres of water in a watering can and mix thoroughly.
- Apply the spray evenly to the weeds, to lightly wet the leaves. Do not walk on treated areas until spray has dried on leaves to avoid transfer to lawns and other vegetation.
- 25 ml treats:
30 m² annual weeds
20 m² perennial weeds
14 m² brush weeds
- Clean the equipment thoroughly before and after use. Do not use in galvanised or mild steel watering cans or sprayers.

Visible effects in 24 hours.
Weed death may take up to 28 days
(in cold weather activity is slower).

AMOUNT TO USE

The amount of **Weedol® Rootkill Plus™** required depends on the **type of weeds to be treated** and **kind of equipment** used.

Add one tube to: Sprayer: 1 litre water
Watering can: 5 litres water

	Area treated	Examples
One tube treats	Annual weeds	30 m ² Chickweed, Fat hen, Field speedwell, Shepherds purse, Field forget-me-not, Cleavers
	Perennial weeds	20 m ² Creeping thistle, Rosebay, Willowherb, Perennial nettle, Docks, Couch grass, Perennial ryegrass, Bindweed
	Brush weeds (Repeat application may be required after 28 days)	14 m ² Bramble, Bracken

Only make as much **Weedol® Rootkill Plus™** as you intend to use that day.
