

Growmore Garden Plant Food

Balanced mix of nutrients for all plants:

- Nitrogen encourages strong growth and healthy, lush green leaves for up to 4 weeks
- Phosphate promotes vigorous root growth and establishes plants quickly
- Potassium produces more flowers and improves ripening of fruit and vegetables

Ideal for top dressing the lawn

Can be used all around the garden

Apply directly from the pack

How and when to use

In spring for new plantings

Small plants in beds, borders, barerooted plants and vegetable plots apply with soil preparation before planting. For bigger well rooted plants / bushes and trees mix with soil or compost and use as planting mix. Water well afterwards.

In spring for established plants and for reapplication during growing season

Sprinkle evenly over the soil around plants. Gently work it into the soil surface with a hand fork or hoe without disturbing the plant roots and water in thoroughly.
