

# Chicken Manure Soil Enricher

All purpose food for use with most plants

Contains naturally occurring materials which supply 3 main nutrients:

- Nitrogen quickly encourages strong growth and healthy, rich green foliage and continues to feed for up to 6 weeks
- Phosphate slowly & steadily releases to promote vigorous root growth
- Potassium promotes flower production and improves ripening of fruit and vegetables
- Apply directly from the pack

### How to use

**During soil preparation/planting time** sprinkle evenly over the soil and mix in well. During dry weather, water well after sowing seeds and planting out.

**During the growing season** sprinkle evenly over the soil around established plants. Gently work it into the soil surface with a hand fork or hoe without disturbing the plant roots and water in thoroughly.

### When to use

Miracle-Gro® Chicken Manure Soil Enricher can be applied prior to sowing or planting and as needed throughout the growing seasons.

**For established plants and plants in containers** apply every 4-6 weeks during the growing season, from March to the end of August, when plants are actively growing. Water in well afterwards.

**Soil preparation and new plants** apply at any time you are preparing new beds and borders, 7-10 days before sowing or planting.
