

Magnesium Salts

Natural source of Epsom Salts

Ideal for tomatoes, lettuce, brassicas

Fast-acting granules that produce green, healthy leaves and encourages abundant fruit and veg

- Contains 50% more magnesium than epsom salts with a longer lasting action
- Works for several weeks
- Prevents and corrects browning of conifers
- Apply directly from the pack

How to use

As a root feed sprinkle evenly over the soil, to an area slightly larger than that covered by tree/bush or plant. Gently work it into the soil surface with a hand fork or hoe without disturbing the plant roots. Water in thoroughly.

When to use

Use Miracle-Gro® Magnesium Salts whenever you need to green up yellow and unhealthy foliage.

To prevent leaf yellowing or conifer browning, apply once a year, preferably in spring.

To correct leaf yellowing or conifer browning apply when symptoms appear.

Remember plants also require other nutrients like nitrogen and phosphorus and potassium. Use this product in combination with a complete fertiliser like Miracle-Gro® Growmore or a watersoluble fertiliser like Miracle-Gro® All Purpose Soluble Plant Food.

Use

As root feed to prevent magnesium deficiency

Application Rate

35 g per sq m

As root feed to correct leaf yellowing or conifer browning

50 g per sq m

Coverage: 30-42 sq m

UK Fertiliser Declaration

EC FERTILISER Kieserite 25 + 50

MgO, water-soluble magnesium oxide	25% (15.1% Mg)
SO ₃ , water-soluble sulphur trioxide	50 % (20% S)

RoI Fertiliser Declaration

EC FERTILISER Kieserite 15,1 + 20

Mg, water-soluble magnesium	15.1%
S, water-soluble sulphur	20%

General advice

- Only use where there is a recognised need to feed plants.
- Keep away from plant leaves and stems.
- Do not exceed the appropriate application rate. Increasing the dosage may result in damage to your plants.
- Store in the original container in a cool, dry, frost-free place away from children, pets and foodstuffs.
- Wash hands and exposed skin after use.
- Do not eat or smoke while applying the product.
