Sulphate of Ammonia Growth Booster

- ✎ A quick acting plant food that can be used all around the garden to promote strong, healthy green leaves
- ✎ Provides a quick source of nitrogen
- ✎ Encourages strong, leafy growth
- ✎ Especially good for leafy green vegetables, shrubs and trees
- ✎ Apply directly from the pack

How to use

During soil preparation/planting time
sprinkle evenly over the soil and mix in well.
During dry weather, water well after sowing
seeds and planting out.

Planting small plants and barerooted plants
sprinkle around plants after planting and
slightly work into the soil.

During the growing season
sprinkle evenly over the soil around established
plants. Gently work it into the soil surface with
a hand fork or hoe without disturbing the plant
roots and water in thoroughly.

Planting bigger plants/shrubs/trees
mix with soil from planting hole with planting
compost and use as planting mixture.

When to use

Use Miracle-Gro® Sulphate of Ammonia Growth Booster whenever you're preparing new beds, when planting out new and young plants and around established plants during the growing season, or whenever you want to stimulate leafy growth.

Remember plants also require other nutrients like phosphorus and potassium. Use this product in combination with manure or a complete fertiliser like Miracle-Gro® Growmore.

Use	Application Rate
All uses	35g per sq m
Vegetable garden	35g per sq m
Lawns	20g per sq m

Coverage: 42 - 75 sq m

1.5kg e

We recommend
you always
wear gloves
when gardening.

Ammoniacal nitrogen (N)

21%

General advice

- ✎ Only use where there is a recognised need to feed plants.
- ✎ Keep away from plant leaves and stems.
- ✎ Do not exceed the appropriate application rate. Increasing the dosage may result in damage to your plants.
- ✎ Store in the original container in a cool, dry, frost-free place away from children, pets and foodstuffs.
- ✎ Wash hands and exposed skin after use.
- ✎ Do not eat or smoke while applying the product.
