GEL WAND

ROUNDUP GEL WEEDKILLER

Roundup GEL is a home garden weedkiller for use on unwanted vegetation and areas not intended to bear vegetation, around all edible crops and around ornamental garden plants.

HOW AND WHEN TO USE

- Remove cap and foil seal, then prime (first time of use) by clicking the blue button about 20 times until the gel appears at the top of the applicator
- Apply to a few leaves when the weed is green and growing
- First effect seen in 5 to 10 days, root kill in 7 to 28 days (dependent on weed type and weather conditions)
- After use, clean the gel from the blue applicator top by wiping on a weed leaf, before securely replacing the blue cap.

PLEASE READ THE BACK LABEL ON THE BOTTLE FOR FULL INSTRUCTIONS BEFORE USE

RISK AND SAFETY INFORMATION

- Read label before use
- Keep out of reach of children
- Keep product away from food and drink. If medical advice is needed, have product container or label at hand
- Keep product in original container
- Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of by recycling. Contact your local council for details
- **To avoid risks to human health and the environment, comply with the instructions for use**
- **Keep children and pets away from treated areas until spray has dried.**

STORAGE AND DISPOSAL

DO NOT EMPTY PRODUCT INTO DRAINS, SINKS OR OTHER WATER POINTS. DO NOT CONTAMINATE WATER WITH THE PRODUCT OR ITS CONTAINER. PROTECT FROM FROST.

Roundup GEL 150ml contains 7.2g/L glyphosate acid equivalent (as 9.7g/L IPA salt) in a ready to use solution.

150ml | MAPP 15390 | PCS 04191
