

## Stronger, healthier plant growth

Levington® is the premium brand of compost as used by many professional gardeners and growers. Through a wealth of knowledge gained over 40 years of research, we have developed a unique combination of ingredients for Levington®.

This compost is enriched with all of the essential plant nutrients, to guarantee you stronger, healthier plants.

Levington® Multi Purpose Compost with Added John Innes contains a unique blend of nutrients:

|  |   |
|--|---|
| NITROGEN (N)   | For greener leaves and healthy shoots.  |
| PHOSPHATE (P)  | For strong root development.  |
| POTASSIUM (K)  | For fruit and flowers.  |
| TRACE ELEMENTS   | Essential for all round plant health and disease resistance.  |
| WATER RETAINING AGENT                                  | Levington® has a wetting agent that enables the compost to soak up and retain higher levels of water without getting water logged.  |
| GRADED TEXTURE WITH ADDED JOHN INNES - OPTIMUM RESULTS | Levington® Multi Purpose Compost has now been specially formulated with added John Innes - a unique combination of peat, sterilised loam and horticultural grit. The long established John Innes formulation was developed over 60 years ago and has been trusted by many professional and traditional gardeners. |

This pack fills approximately:

10

small pots  
12cm (5")

or

2

medium pots  
22cm (9")

## Where not to use

Not suitable for ericaceous/lime hating plants, such as Rhododendrons, Azaleas, Camellias and Heathers.

We recommend Levington® Ericaceous Compost for these plants.

## Care of your plants

**Feeding:** After 6 to 8 weeks, we recommend regular feeding with Miracle-Gro® All Purpose Soluble Plant Food.

**Watering:** Plants should be kept moist at all times and not allowed to dry out. Plants should not be left to stand in water for long periods of time, as it will encourage root rot.

## Storage

Keep the bag closed in storage to prevent drying out. Store in a cool, dry, frost free place, away from sun. Storage from one year to another may affect performance.

## Health and safety advice

Open bags carefully and reseal after use. Use in a well ventilated place and avoid breathing in dust. Always wear gloves when gardening and then wash your hands after use.

Our commitment to sustainability

Each year, we reuse thousands of tonnes of material from gardens and forests in many of our compost mixes, to help you grow plants that enhance your environment and make the world more beautiful.

## How to use

Use the compost directly from the bag. Do not mix with other materials. Firm only lightly.

## Beds and borders

Water the plant thoroughly. Dig a hole twice the size of the root ball. Part fill the hole with a mixture of 50% soil and 50% Levington® Multi Purpose Compost with Added John Innes. Ensure the plant is at the same level as in the pot. Fill in firmly, then water.

## Sowing seeds

Fill the seed tray with Levington® Multi Purpose Compost with Added John Innes and level off. Firm lightly and water. Sow seeds following pack instructions. Cover seed tray or container to retain water, making sure the tray is out of direct sunlight. When the seedlings are ready to be transplanted, make sure they are picked up by the leaves, not by the stems or roots. For sowing seeds we also recommend Levington® Seed & Cutting Compost.

## Cuttings

Fill the pot with Levington® Multi Purpose Compost with Added John Innes, take the cutting (in the appropriate way according to the type of plant), water, cover and keep warm. For taking cuttings we also recommend Levington® Seed & Cutting Compost.

## Hanging baskets

Place the hanging basket on a flowerpot to keep it steady. Line the basket if necessary and part fill it with compost. Insert plants through sides of the basket where possible to ensure a ball of colour. Fill the basket with Levington® Multi Purpose Compost with Added John Innes and arrange plants on the top with trailing ones around the sides. After everything is planted, firm lightly and water thoroughly. For hanging baskets we also recommend Levington® Container & Hanging Basket Compost.

## Premium guarantee

If you are not completely satisfied with the performance of this product we offer you your money back.
