

# ANTSTOP!

ULTRA™ AMP 2 CL

Ant Stop! Ultra AMP 2 CL is a ready to use fast acting spray containing Acetamiprid for the control of ants in and around buildings.

Batch number and expiry date: see back of pack (production date + 3 years).

## DIRECTIONS FOR USE:

**When to use:** April to September.

Apply as soon as you see ants.

**How to use:** Shake well before use.

Press down firmly on top of trigger head immediately behind yellow nozzle to depress safety tab. At the same time, twist nozzle to spray position (1/4 turn either way).

Turn the nozzle to the off position after use.

The product acts in minutes following application.

Maximum applications per year: 4.

**Application rate:** Apply 50 ml of product (approximately 50 pulls of trigger) per square metre.

**Where to use:** Apply the product where ants travel and/or stay along walls in cracks and crevices.

Protection up to 3 months, 2 to 3 weeks if exposed to weather. Do not clean the treated surfaces. To stop biocide effect, clean with detergent and hot water. Spray along the surfaces where you have seen the insects active and around the places (doors, windows, skirting) where they are gaining entry.

## Repeat Treatments:

In case of re-infestation, renew the application every 3 months. If the treated surfaces are exposed to weather (entrance porches, terraces...), maximum 1 time after 1 month.

## Conditions of Storage:

Store the product between 5 and 35°C.

Protect from frost.

## STATUTORY CONDITIONS RELATING TO USE:

### READ ALL PRECAUTIONS BEFORE USE.

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

### FOR USE ONLY AS AN INSECTICIDE.

#### Composition:

Contains 2 g/L Acetamiprid (CAS no. 160430-64-8)

HSE No. 10481 PCS No. 99221
