REMOVES MOSS

This product has been specially formulated to have an indirect action against moss

NO RAKE

The naturally occurring bacteria 'eats' the dead moss so you will not need to rake it out

HEALTHIER LAWN

The slow release nutrients will be available to the grass for months without surge growth. A repeated application will help create a thick and healthy lawn

NO SCORCH FORMULA*

When applied correctly you can ensure no scorch to your lawn

STORAGE & SAFETY

Wash hands after use and before eating and drinking.
Children and pets can re-enter treated area once watered in and dried.
Keep in original container, tightly closed in a dry, safe place and out of reach from children and pets.

INSTRUCTIONS FOR USE

When and where to apply

Apply between March and September. Apply when the weather is fair, the soil moist, the grass dry and frost-free. If it does not rain for more than a week after application, we recommend watering to activate the fertiliser.

You can repeat the treatment in 3 months.

Can be used on any lawn but ideal for those with a moss problem.

How it works

Leave the lawn without mowing for 7-10 days after applying Miracle-Gro® Premium Plus No Rake Moss Remover Lawn Food, to let it start working.

After application there is no need to rake out the dead moss which will become apparent after 2-3 weeks. Dead moss disappears into the thatch layer where bacteria start the process of digesting it.

Miracle-Gro® Premium Plus No Rake Moss Remover Lawn Food is at its most effective when the soil temperature is 10°C or more.

HOW TO APPLY

MAX 150g 1m²

BY HAND

Apply by hand, wearing gloves, at a rate of 100-150g per square metre. For best results apply 150g/m².

For a visual guide to the correct application rate, first spread the recommended amount over a small measured area.

Areas for treatment must be marked out to ensure even application.

BY SPREADER

Evergreen Garden Care have an unrivalled range of spreaders for small and large lawns. Always read the spreader instructions before use.

HOW MUCH WILL I NEED?

This pack treats 200m² (20m x 10m).

To determine the size of your lawn multiply the length by the width in metres.

Alternatively a lawn with 8 by 8 standard fence panels (1.82m width), will cover approx 200m².

All sizes are approximate
