

# EVERGREEN® Super Seed

3 in 1 Lawn Seed, Feed & Soil Enricher

The ultimate **3IN1** blend of Seed, Feed and Soil Enricher  
to give you a thicker denser lawn

Different name  
Same trusted quality!

## EVERGREEN® Super Seed

3 in 1 Lawn Seed,  
Feed & Soil Enricher

### UK Fertiliser Declaration

#### Nitrogenous fertiliser 6-0-0 (urea):

Nitrogen (N) total	6.0%
--------------------	------

### RoI Fertiliser Declaration

#### Low nutrient urea type fertiliser 6-0-0:

Nitrogen (N) total	6.0%
Ureic Nitrogen (N)	6.0%

2kg e

66.6% (1332g) seed  
16.7% (334g) feed (poly-S NPK 38-0-0)  
16.7% (334g) gypsum

### 1 HIGH PERFORMANCE GRASS SEED

Contains regenerating perennial ryegrass to create a thick and tough lawn.

### 2 CONTROLLED RELEASE FERTILISER

Controlled release nitrogen to help establish the seedlings.

### 3 SOIL ENRICHER

Calcium rich mineral to re-balance the soil nutrient levels.

### THE 'SUPER' SEED

Miracle-Gro® Super Seed contains a specially selected variety of perennial ryegrass that regenerates and spreads by itself to create a thicker denser lawn.

This special seed combined with slow release lawn food and soil enricher makes it the ultimate seeding solution for growing **new lawns**, **thickening** thin lawns or repairing **patches**.

### INSTRUCTIONS FOR USE

#### Rake

Rake the area to remove all weeds, stones or dead grass. If over-seeding ensure you mow the grass short first. Lightly cover the area with Miracle-Gro® Lawn Dressing. Level and firm by treading the soil.

#### Shake

Shake the box to mix the seeds. If over-seeding apply 30g/m<sup>2</sup> (approx a handful) and for new lawns or bare patches 52g/m<sup>2</sup>. Using the handy sprinkler on the side of pack, create a criss-cross pattern by sowing half the seed from left to right and the rest from top to bottom. Gently rake in and tread the seeds into the soil.

#### Water

Soak with a fine spray and keep soil moist for the next few weeks.

#### When will I see the results?

In ideal conditions when the soil is moist, grass will start to appear from 9 days. In less favourable conditions allow 10-14 days.

#### When do I use it?

Apply to your lawn during March to early October, once the risk of frost has passed and soil temperature is at least 6°C.

#### Works at lower temperature

Unlike most grass seeds, Super Seed works with temperatures as low as 6°C so you can get started earlier in the season.

#### How much will I need?

This pack will overseed an existing lawn of approx 66m<sup>2</sup> or create a new lawn of approx 38m<sup>2</sup>.

To determine the size of your lawn multiply the length by the width in metres. Alternatively a lawn with 5 by 4 standard fence panels (1.82m width), will cover approx 66m<sup>2</sup>.

See side of pack for spreader settings.

#### Mowing

The grass can be trimmed when 5-8cm.

Each time you mow, lower blade height a level until it's at 2.5cm. Do not cut more than 1/3 off the growth at any one time.

#### Children and pets

It's fine to use this product in gardens with children and pets, but little feet can damage developing seeds, so it's best to keep them off the treated areas until the grass has established.

### Spreader settings

#### OVERSEEDING (30g/m<sup>2</sup>)

EverGreen® Wizz™ Year-Round Spreader	5.25
(and then cover each area twice)	

EverGreen® Easy Spreader+	8
---------------------------	---

#### NEW LAWNS OR BARE PATCHES (52g/m<sup>2</sup>)

EverGreen® Wizz™ Year-Round Spreader	9
(and then cover each area three times)	

EverGreen® Handy Spreader	4
(and then cover each area four times)	

EverGreen® Easy Spreader+	6.5
(and then cover each area twice)	

EverGreen® Drop Spreader	13.5
(and then cover each area twice)	

EasyGreen® Rotary Spreader	28
(and then cover each area twice)
