

EVERGREEN® Mosskill Liquid

Lawn Food & Moss Control

MAPP 18652 PCS No. 06245

Different name
Same trusted
quality!

For a richer, greener lawn that kills moss in just 3 days

INSTRUCTIONS FOR USE

For use only as a home garden lawn treatment. Maximum individual dose: 150 ml product per 10m².

Maximum number of treatments: 3 per year.

When to use

Most effective when applied to actively growing lawns in moist conditions from early spring to early autumn. Do not use in drought, freezing conditions or when rain is imminent. Apply 3 days after and 4 days before mowing on a still day. Do not exceed the recommended dose. Undiluted product must not be applied directly to lawns.

How to use

Mark out areas to be treated and apply evenly at the following rates:

Watering can: Dilute 150ml into 9 litres of water to treat 10m².

Garden sprayer: Dilute 150ml into at last 500ml of water to treat 10m².

* A repeated application will help create a thicker, healthier lawn.

Rake out dead moss when it has turned black, usually 7-14 days after treatment.

Re-treatment may be necessary for heavy moss infestation, or if moss returns.

Avoid walking on treated areas until dry. If spilt on paving, concrete etc, wash off immediately to avoid discolouration.

SAFETY INSTRUCTIONS

Protection during/in use

WASH HANDS AND EXPOSED SKIN AFTER USE.

Environmental protection

DO NOT CONTAMINATE WATER with the product or its container. Do not empty into drains.

Storage and disposal

KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place. KEEP AWAY FROM CHILDREN AND PETS. KEEP AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS. PROTECT FROM FROST. DO NOT RE-USE CONTAINER FOR ANY OTHER PURPOSE.

Risk and Safety Information

To avoid risks to human health and the environment, comply with the instructions for use. Read label before use. Do not eat, drink or smoke when using this product. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

For the UK only: Unused product in its container may be disposed of in the dustbin. Dispose of empty container by recycling.

For RoI only: Dispose of contents/container to a household waste recycling center as hazardous waste except for empty triple rinsed containers, which can be disposed of by recycling or in the dustbin. Contact your local council for details. PCS No. 06245

Contains 16.0%w/w iron sulphate and 4.6% nitrogen as a soluble concentrate formulation (SL).
