

EVERGREEN® Autumn Lawn Care

Lawn Food & Moss Control

MAPP No: 16823
PCS No. 05005

INSTRUCTIONS FOR USE

When to apply

- ✓ Between September to mid November.
- ✓ Weather is fair.
- ✓ Soil is damp.
- ✓ Grass is dry & frost free.

- ✓ To new lawns once the lawn is established (usually after 3 months).

DO NOT APPLY

- During prolonged dry periods or frosty conditions.
- When heavy rain is imminent.
- On a windy day to avoid drift into beds & borders.

What happens next

- ✓ Moss will blacken as it dies. Results will be visible in a few days (blackening of any grass is temporary).
- ✓ Lawn is greener in 7 days.

ADVICE

WATERING IN: Make sure the lawn is watered thoroughly, so that the lawn food starts to work.

RAKING: Raking (or scarifying) in the autumn will remove the build up of dead material.

MOWING: Avoid mowing the lawn 2 days before and after treatment.

AERATING: Spiking your lawn with a fork, will help relieve compaction and is good for a poorly drained lawn. This will help prevent moss.

STAINING: This product contains iron sulphate and will cause staining. Do not walk on treated areas until product has been watered in and dried. Avoid contact with clothing, tarmac driveways, paving, decking and kitchen floors. This list is not exhaustive. Sweep up any spillages immediately and dispose of safely.

POISONS INFORMATION: For information, or to report a poisoning incident in Ireland contact The National Poisons Information Centre (01 8092166), retain the label for reference.

Fertiliser Declaration

UK / EC FERTILISER DECLARATION
NPK fertiliser 6-5-10 (6-2-8.3):

Nitrogen (N) total	6.0%
Ammoniacal Nitrogen (N)	3.5%
Ureic Nitrogen (N)	2.5%
Phosphorus pentoxide (P ₂ O ₅) total	5.0% (2.0%P)
Soluble in neutral ammonium citrate	4.6%
Potassium oxide (K ₂ O) soluble in water	10.0% (8.3%K)

Miracle-Gro® EverGreen® Autumn Lawn Care contains 18.2% w/w iron sulphate (monohydrate) as a granular formulation (GR).

FOR USE ONLY AS A HOME GARDEN LAWN TREATMENT. Read all safety instructions before use. This product does not include grass seeds.

How much to use

MAX 35g 1m² Maximum individual dose: 35g per square metre. Maximum 2 applications a year.

This pack treats 100m² (10m x 10m). To determine the size of your lawn multiply the length by the width in metres.

Alternatively a lawn with 6 by 5 standard fence panels (1.82m width), will cover approx 100m².

After care

1. Water thoroughly the next day.
2. Mow the lawn 3 days after treatment. For best results continue to mow on a regular basis.
3. Rake out dead moss that has blackened after 2 weeks.
4. Heavy infestations may need a repeat treatment in 6 weeks.
5. Once opened, keep product in waterproof sealed container.

How to use

1. Press down the yellow spout and slide back the green overcap.

2. Flip the spout over.

3. Walking at a brisk pace of 1.5m/second, invert the dispenser so that the spout points towards the ground and the granules flow freely.

Maintain the spout at a comfortable height off the ground (at least 45cm). Spread across the lawn area in even strips. Avoid overlapping. When you stop walking raise the spout to stop the flow of granules.

How to refill

With the spout folded out in the spreading position, gently twist and lift off the entire spreader head. Refill, and replace the head securely before re-using.

Keep children and pets away from treated area until granules have been watered in and dried.

SAFETY INSTRUCTIONS

TO AVOID RISKS TO HUMAN HEALTH AND THE ENVIRONMENT, COMPLY WITH THE INSTRUCTIONS FOR USE

Protection during / in use

- ✓ Read carefully and follow all instructions.
- ✓ Wear protective eye protection/face protection.
- ✓ Wear protective gloves.
- ✓ Wash hands thoroughly after handling.
- ✓ If medical advice is needed, have product container or label at hand.
- ✓ Do not breathe dust.
- ✓ Do not eat, drink or smoke when using the product.
- ✓ IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice/attention.

Environmental protection

- ✓ Do not contaminate water with the product or its container.
- ✓ Do not empty into drains.

Storage and disposal

- ✓ DO NOT RE-USE CONTAINER FOR ANY OTHER PURPOSE.
- ✓ KEEP OUT OF REACH OF CHILDREN.
- ✓ Keep away from food, drink and animal feeding stuffs.
- ✓ KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place.
- ✓ Store in a dry place.
- ✓ UK only: Unused product in its container may be disposed of in the dustbin.
- ✓ UK only: Dispose of empty container in the dustbin.

Warning
Causes serious eye irritation.
