

PREMIUM
**Azalea, Camellia,
Rhododendron**
Ericaceous Plants Compost

**ROOTED
IN SCIENCE**

IRON FORTIFIED
FOR GREENER LEAVES

This compost is **fortified with iron** which is a mineral nutrient that is **absorbed by roots** and the result is that the **leaves become greener**.

14 VITAL MINERALS
NPK+TRACE ELEMENTS

Contains a unique combination of **14 Vital Minerals**. **Nitrogen** is used by plants for lots of leaf growth and good green colour. **Phosphorous** is used by plants to help form new roots, make seeds, fruits, flowers and fight disease. **Potassium** helps plants make strong stems and keep growing fast and promote flowers and fruits. Additionally, there are 11 more minerals such as calcium, magnesium, sulphur, boron, chlorine, copper, iron, manganese, molybdenum, nickel and zinc which are vital for **maintaining plants health**.

FIBRE SMART™ TECHNOLOGY
PATENTED WOOD FIBRE

Compost contains a unique, patented **Fibre Smart™ technology**. The hollow wood fibres **ensure optimum balance of air & water** for strong roots to grow healthy. Wood fibres are **100% natural**.

WATERLOCK TECHNOLOGY
WETTING AGENT

*²Miracle-Gro® Premium Azalea, Camellia, Rhododendron Ericaceous Plants Compost absorbs **25% more water** than ordinary compost.

APPROVED BY: ☒ Elaine G, R&D Manager.

**HOW
TO USE**

**POTS & PATIO
PLANTERS**

It's time to **repot when**: The plant is overgrown and "root bound" (densely wrapped roots). Roots are growing out of the drainage holes. The plant's lower leaves turn yellow or drop off. The compost is faded or crusty.

How to repot: Wash the containers and water the plant.

Place a layer of compost in the **base of the pot**.

Tap out the plant from the old pot, loosen the root ball and **place in the centre of the pot**.

Fill the space around the root ball, ensuring the compost level covers all the roots.

Firm lightly, **water thoroughly** and let drain.

PLANTING IN BEDS & BORDERS

Dig a hole **twice the size of the root ball**.

Position the plant and **fill with 50% soil and 50% compost** and firm around the base.

Water thoroughly. We recommend using **Miracle-Gro Border Booster** to further enrich the soil.

RESPONSIBLE SOURCING & RE-USABILITY

We are actively working on improving the responsible sourcing profile of our compost mixes year on year. Miracle-Gro compost contains forest by-products, carefully processed to help you grow plants that improve your environment and make the world a more beautiful place.

**IDEAS ON RE-USING
THIS BAG...**

HANGING BASKET IDEA...
"You could add some drainage holes in the bottom of the bag, fill with compost and then plant potatoes in them."

GET GROWING...
"Make some drainage holes in the bottom of the bag, fill with compost and then plant potatoes in them."

FLOWER BED TIP...
"To use as a weed barrier split the bag open and lay down and make holes so that water can get through."

**USEFUL
TIPS**

USEFUL TIPS

- Plants need feeding throughout the season to ensure they remain healthy, beautiful and produce better blooms.
- Three months after planting with **Miracle-Gro Premium Azalea, Camellia, Rhododendron, Ericaceous Plants Compost** start using **Miracle-Gro Azalea, Camellia & Rhododendron Soluble Plant Food** for continued fantastic results.
- Compost in containers should be kept moist at all times and not be allowed to dry out.
- In areas where tap water is 'hard' and forms lime-scale in your kettle, try to water with rainwater whenever possible. This will help to maintain an acid balance in the compost in the long term.

STORAGE INSTRUCTIONS

- Keep the bag closed when in storage to prevent drying out.
- Keep away from pesticides.
- Storage from one year to another may affect performance.
- Occasionally a white mould appears on the compost. This is **not harmful** to your plants and should disappear naturally.

HEALTH & SAFETY ADVICE

- Use in a well ventilated place and avoid breathing in dust.
- Wash hands after use.
- Always wear gloves when gardening.

SCIENTIFICALLY PROVEN AT
**EVERGREEN
RESEARCH STATION**
RESEARCHED & TESTED BY EVERGREEN SCIENTISTS

**OUR UNIQUE
UK FACILITY**

EVERGREEN RESEARCH STATION, UK

Evergreen Research Station is our officially recognised **Research and Development Centre** in Levington, Suffolk. This unique centre is responsible for driving **new product development**, through **process & formulation**, **physical analysis** and **field biology**. In addition, the team of scientists ensure we maintain our **renowned quality** through **on-going raw material assessment**, **formulation preparation** and **product trials**.

The results from trials undertaken at the **extensive 19 acre site** in Levington are used to develop new products and to support our unique portfolio across northern Europe. Fertilizers and growing media are both tested here under the protection of a **2,500m² glasshouse** and outside in beds and borders, containers and hanging baskets.

Ordinary Garden Soil
Miracle-Gro Premium All Purpose Compost for All Plants

**GUARANTEED*¹
GROWS PLANTS
TWICE AS BIG!**

*¹Our scientific trials prove that **Miracle-Gro Premium All Purpose Compost for All Plants** grows plants twice as big as ordinary garden soil.
