

WHERE TO USE?

Use all around the garden

Levington Original compost is ideal for all gardening uses. The tried and trusted mix of peat and bark is the perfect base for use all around your garden. Levington composts have the reassurance of being used by many professional gardeners and growers for over 50 years.

We strongly recommend using Levington Ericaceous compost for acid loving plants like Azaleas, Rhododendrons, Camellias or Heathers.

Containers

Part fill the new pot with compost, place the plant in the centre and top up with compost. Firm lightly, water thoroughly and let drain.

Hanging Baskets

Line the basket if required with moss or other liner and part fill with compost. Plant up with trailing plants towards the edge and upright plants in the middle. Top up with compost, firm lightly, water thoroughly and let drain.

Seedlings

Fill the seed tray with Levington Original Multi Purpose Compost and level off. Firm lightly and water. Sow seeds following pack instructions.

Cuttings

Push cuttings into the compost. Firm lightly, water thoroughly and let drain. Keep moist and in a warm place out of direct sunlight.

Beds and Borders

Dig a hole twice the size of the root ball. Part fill the hole with equal quantities of soil and compost. Ensure the plant is at the same level as in the pot.

HOW TO USE?

Instructions for use

Use straight from the bag, it's as easy as that. When filling or potting, firm lightly. Keep the compost moist and do not let it dry out. Do not leave plants standing in water.

Storage instructions

- Keep the bag closed when in storage to prevent drying out.
- Storage from one year to another may affect performance.
- Keep away from pesticides.
- Occasionally a white mould appears on the compost. This is not harmful to your plants and should disappear naturally.

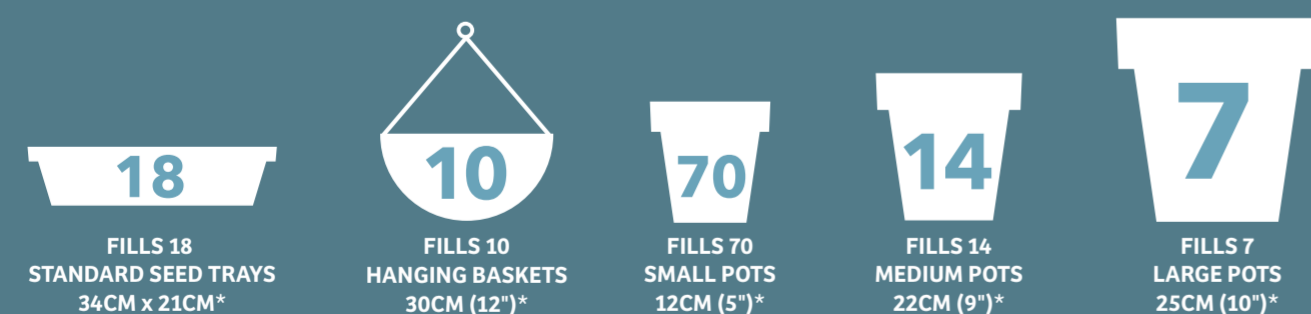

Health and safety advice

- Use in a well ventilated place and avoid breathing in dust.
- Always wear gloves when gardening
- Wash hands after use.
- Store in a cool place, away from sun.
- Open bag carefully and reseal after use.

OUR STORY...

Established in 1967, Levington has been providing expertise, research and innovation into compost for over 50 years. When it comes to compost, Levington has been the gardener's choice for decades.

At our officially recognised research station in Levington, Suffolk, we are constantly innovating and testing for the best combinations of ingredients in compost to ensure your plants are strong and healthy.

WHAT IS IT?

Original multi purpose compost

Seaweed Special Formula: Levington Original Multi Purpose Compost special formula contains Seaweed which is a rich source of trace elements that stimulate plant growth.

Traditional Recipe: Rich dark peat blend tried and tested by experienced gardeners.

Contains all essential nutrients to feed for 6-8 weeks after planting. Then feed with an appropriate food for the specific plants or an all purpose feed.

SUSTAINABILITY

Responsible sourcing

We are actively working on improving the responsible sourcing profile of our compost mixes year on year. Levington compost contains forest by-products, carefully processed to help you grow plants that improve your environment and make the world a more beautiful place.

How much Peat?

We are actively involved in the management and restoration of the peatlands we harvest from.
