

Essentials Multi Purpose Compost By Levington

Our multi purpose compost is ideal for all your gardening uses. Perfect for pots & containers, beds & borders and hanging baskets too. It has been specially developed, containing essential plant food for **4 weeks**, to give your plants a great start.

Great for houseplants, bedding plants, perennials, herbs, shrubs, trees, fruit & vegetables.

We strongly recommend using Levington John Innes Ericaceous compost for acid loving plants like Azaleas, Rhododendrons or Heathers.

How to use

Use straight from the bag, it's as easy as that. When filling or potting, firm lightly. Keep the compost moist and do not let it dry out. Do not leave plants standing in water.

Storage Instructions

Keep the bag closed when in storage to prevent drying out. Storage from one year to another may affect performance. Keep away from pesticides. Occasionally a white mould appears on the compost. **This is not harmful** to your plants and should disappear naturally.

Health & Safety Advice

- Use in a well ventilated place and avoid breathing in dust.
- Always wear gloves when gardening
- Wash hands after use.
- Store in a cool place, away from sun.
- Open bag carefully and reseal after use.

Tubs & Hanging baskets

Fill with compost and plant up. Firm lightly and water.

Gardening Tip: remove all the first flowers once they have gone over, this will lead to many flowers throughout season.

Beds & Borders

Dig a hole twice the size of the root ball. Part fill the hole with equal quantities of soil and compost. Ensure the plant is at the same level as the ground.

Our Commitment to Sustainability

We are actively working on improving the responsible sourcing profile of our compost mixes year on year. Levington compost contains forest by-products, carefully processed to help you grow plants that improve your environment and make the world a more beautiful place.

How much Peat is in this compost?

We are actively involved in helping the management and restoration of the peat land areas that we harvest from.*
