

The product Roundup® NL Weed Control Ready to Use is broken down naturally in the soil. It can be used to kill a broad range of garden weeds including: clover, chickweed, common groundsel, black nightshade, sowthistle, black medick, annual meadow-grass and mayweeds. Suitable for use on flower beds, vegetable patches as well as gravel paths and patios.

INSTRUCTIONS FOR USE

When to use

- Use in April to November when the weeds are actively growing.
- For best results apply in warm, dry conditions when weeds are young and actively growing, usually during spring or early summer. Do not apply when there is a risk of frost as weeds will not be actively growing.
- After 3 hours, product will not be washed away by rain. Reduces the need for repeat treatment.
- Repeat treatment if necessary after a minimum of 7 days for larger weeds or where re-growth occurs.
- For deep rooted annual weeds such as black bindweed use Roundup® glyphosate based product.
- It is most effective on young weeds smaller than 10 cm.
- Maximum number of treatments: 4 per year.

Where to use

- For the control of weeds around ornamental garden plants, trees and in areas not intended to bear vegetation.
- Controls most weeds around the garden. Suitable to use on gravel paths and drives and along fences.
- Can be used to clean up weedy ground before planting vegetables, flowers, bushes and trees, and to renovate overgrown areas.
- Should be applied on a calm, dry day when there is no risk of spray drift onto adjacent desirable plants.
- Do not direct spray or allow spray drift onto cultivated plants and lawn as Roundup® NL Weed Control Ready to Use destroys all green plant parts.

How to use

- SHAKE WELL BEFORE USE.
- Although not a requirement, as good practice, we recommend wearing waterproof gloves and gardening footwear.
- Push the security tab on the product bottle until it breaks from the trigger.
- Rotate nozzle to 'spray' or 'stream'.
- Hold the sprayer approx. 50 cm away from the target weed and spray to lightly wet the weeds - avoid run-off.
- Rotate nozzle to STOP after use.
- When spraying large areas it is easier to mark out and measure the area before application.
- Spray the weeds evenly, ensuring a good coverage of the leaves.
- 1L to treat 33 m².
- Apply at 30ml/m².

• FOR USE ONLY AS A HOME GARDEN WEEDKILLER. READ ALL SAFETY INSTRUCTIONS BEFORE USE.

SAFETY INSTRUCTIONS

Protection during/in use:

KEEP OFF SKIN/AWAY FROM EYES. WASH OFF SPLASHES IMMEDIATELY. WASH HANDS AND EXPOSED SKIN AFTER USE.

Environmental protection:

To protect aquatic organisms and non-target plants do not apply on impermeable hard surfaces such as asphalt, concrete, cobblestones, tarmac, paving, patio and other situations with a high risk of run-off. Direct spray away from ponds and other surface water bodies.

Storage and disposal:

KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place. KEEP AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS. KEEP PRODUCT AWAY FROM CHILDREN AND PETS.

Do not re-use the container for any other purpose.
