USEFUL TIPS

Orchids do not need a lot of water in the compost, and prefer to be kept on the dry side. Avoid strong, direct sunlight. Ensure they are well looked after by giving them a regular bath by submerging the pot in water for 10 minutes, then drain completely.

STORAGE & ADVICE

- Store out of direct sunlight, in a cool, dry place between 5 & 35°C.
- Keep out of reach of children.
- Wash hands after use and any splashes from skin.
- Always wear gloves when gardening.

ALWAYS USE GLOVES

WE RECOMMEND

We recommend using **Miracle-Gro Spray & Spritz** to add an extra layer of hydration your orchid.
