INSTRUCTIONS FOR USE

When and where do I use it?

Apply when the weather is fair, the soil moist, the grass dry and frost free.

It's easy to use with either a watering can or our Miracle-Gro® Feeder.

When will I see results?

Miracle-Gro® EverGreen® Water Soluble Lawn Food is specially formulated to give you a beautiful green lawn in just 5 days.

By feeding monthly and watering regularly your lawn will stay healthy and green all season.

Miracle-Gro® EverGreen® Water Soluble Lawn Food is also formulated to make your lawn more resistant to drought.

How do I use it?

1. WATERING CAN

Mix one large (15ml) level spoonful of Miracle-Gro® EverGreen® Water Soluble Lawn Food into an average sized 4.5 litre (1 gallon) watering can and spread evenly over 2.5m².

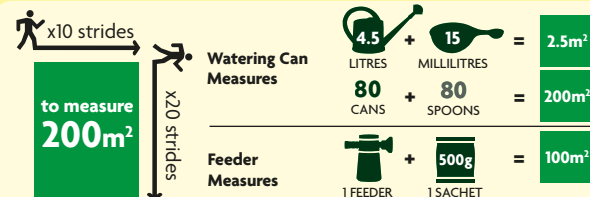

2. MIRACLE-GRO® FEEDER

Empty one 500g sachet into the feeder, attach feeder to hose pipe, and spread evenly over 100m².

How much should I use?

See how easy it is to feed an average sized lawn of 100m²:

Lawn type	Feed frequency	Duration
Newly turfed lawns	Once a month	Apr - Sep
Newly seeded spring lawns (Apr - Jun)	Once a month	Apr - Sep
Newly seeded autumn lawns (Sep - Oct)	Once when grass has taken seed then once a month	Sep - Oct

Storage & Advice

- Keep out of reach of children.
- Wash splashes from skin.
- Wash hands after use.
- Reseal pack after opening.
- Store in a dry place.

We recommend you always wear gloves when gardening.

* A repeated application will help create a thicker lawn.

2kg e

What is NPK?

Miracle-Gro® EverGreen® Water Soluble Lawn Food contains:

- Nitrogen** (the N) which makes sure your grass is green and luxuriant.
- Phosphate** (the P) which makes sure you get strong roots.
- Potash** (the K) which makes your grass more resistant to disease and drought.

Use every month throughout spring and summer for a deep, green lawn
