

FUNGUS CLEAR[®] ULTRA 2

MAPP 19650

Fight infections of powdery mildew, blackspot and rust (useful reductions)

Protect against new infestation

Prevents defoliation caused by diseases

INSTRUCTIONS FOR USE: FOR USE ONLY AS A HOME GARDEN FUNGICIDE. Read all safety instructions before use.

WHEN TO USE: April - September. Spray in calm conditions, avoiding bright sunlight, drought and frosts.

Protective treatments: Spray at the first sign of disease attack and repeat at 7-10 day intervals.

Existing disease problems: Where roses were severely infected with blackspot during the previous season, spraying should start in spring as buds burst.

Maximum number of treatments: 6 per year.

WHERE TO USE: Can be used on roses, other flowering and ornamental plants. For outdoor use only.

It is always advisable to test a small area of the plant, by treating it and leaving for a few days, before treating the entire plant or collection. Avoid spraying on to non-target plants.

HOW TO USE: Shake well before use (30 seconds).

1. Test on a small portion of plant before full treatment
2. Choose a calm day, avoiding bright sunlight, drought and frost.
3. Spray early morning (7-9am) or evening (6-8pm) to minimise risk to bees.
4. To open the spray, twist nozzle 1/4 turn right for wide spray.
5. Turn nozzle to the "Stop" position after use.

Contains 4 g/L Sulphur as an AL (any other liquids) formulation.
