

ROSE CLEAR®

3 IN 1 ACTION

MAPP 19657
PCS No: 06037

KILLS: Larvae and adult aphids (greenfly and blackfly), spider mites & whiteflies.

FIGHTS: Existing infections of blackspot (useful reduction) and powdery mildew.

PROTECTS: Plants against further disease infections.

For best control of plant disease spray at first signs of disease and continue spraying regularly for the rest of the season.

INSTRUCTIONS FOR USE:

FOR USE ONLY AS A HOME GARDEN INSECTICIDE AND FUNGICIDE ON ORNAMENTAL PLANTS. For indoor and outdoor use. Read all safety instructions before use.

WHEN TO USE:

April to the end of September. Spray at first sign of disease/insect (aphids, mites, whiteflies) attack and repeat every 7-10 days. Where roses were infected with blackspot the previous season, spraying should start in spring as buds burst.

Maximum number of treatments: 6 per year. Spray in calm conditions, avoiding bright sunlight, drought and frosts.

WHERE TO USE:

Ideal for roses as well as on other flowering and ornamental plants. It is always advisable to test a small area of the plant, by treating it and leaving for a few days, before treating the entire plant or collection.

HOW TO USE:

Shake well before use (30 seconds).

1. Choose a calm day, avoid bright sunlight, drought and frost.
2. Spray early morning (7-9am) or evening (6-8pm) to minimise risk to bees.
3. To open spray, twist nozzle 1/4 turn right.
4. Spray plants thoroughly to wet upper and lower surfaces of leaves.
Avoid contact with non-target plants.
5. Turn nozzle to the "Stop" position after use.
