

Miracle-Gro®

PEAT FREE

PREMIUM

All Purpose Compost

ROOTED
IN SCIENCE

SMART RELEASE SYSTEM CONTROLLED RELEASE PLANT FOOD

Smart Release Feed granules release nutrients only when conditions are warm and moist, providing **complete nutrition** for up to **3 months**.

14 VITAL MINERALS NPK+TRACE ELEMENTS

Contains a unique combination of **14 Vital Minerals**. **Nitrogen** is used by plants for lots of leaf growth and good green colour. **Phosphorous** is used by plants to help form new roots, make seeds, fruits, flowers and fight disease. **Potassium** helps plants make strong stems and keep growing fast and promote flowers and fruits. Additionally, there are 11 more minerals such as calcium, magnesium, sulphur, boron, chlorine, copper, iron, manganese, molybdenum, nickel and zinc which are vital for **maintaining plants health**.

FIBRE SMART™ TECHNOLOGY PATENTED WOOD FIBRE

The compost contains a unique, patented **Fibre Smart™ technology**. The hollow wood fibres ensure an **optimum balance of air and water** for strong roots to grow **healthy**. Wood fibres are **100% natural**.

AQUACOIR® TECHNOLOGY ABSORBS MORE WATER

Coir is an **organic compost** that provides near-ideal pH. It makes compost easier to handle, it absorbs and **retains water easily** for plants to flourish.

APPROVED BY: Elaine G, R&D Manager.

HOW TO USE

CONTAINERS & POTS

Place a layer of compost in the base of the pot.

Tap out the plant from the old pot, loosen the root ball and place in the centre of the pot.

Fill the space around the root ball, ensuring the compost level covers all the roots.

Firm lightly, water thoroughly and let drain.

BEDS & BORDERS

Dig a hole twice the size of the root ball.

Position the plant and fill with 50% soil and 50% compost and firm around the base.

Water thoroughly. We recommend using **Miracle-Gro® Border Booster** to further enrich the soil.

We strongly recommend using **Miracle-Gro® Peat Free Premium Azalea, Camellia, Rhododendron Ericaceous Plants Compost** for acid loving plants like Azaleas, Rhododendrons and Heather.

RESPONSIBLE SOURCING

We are actively working on improving the responsible sourcing profile of our compost mixes year on year. **Miracle-Gro** compost contains forest by-products, carefully processed to help you grow plants that improve your environment and make the world a more beautiful place.

RESPONSIBILITY INDEX

IDEAS ON RE-USING THIS BAG...

HANGING BASKET IDEA...

"You could add some drainage holes and use the bag as a liner for your hanging baskets."

GET GROWING...

"Make some drainage holes in the bottom of the bag, fill with compost and then plant potatoes in them."

USEFUL TIPS

USEFUL TIPS

- For continued fantastic results with the hungriest plants we recommend that you begin feeding with **Miracle-Gro® Plant Food** as soon as the leaves begin to pale.
- Compost should be **kept moist** at all times and not allowed to dry out. Avoid plants sitting in water. Outdoor container plants require **frequent watering**.

STORAGE INSTRUCTIONS

- Keep the bag closed when in storage to prevent drying out.
- Store in a cool place, away from sun.
- Storage from one year to another may affect performance.
- Keep away from pesticides.
- Occasionally a white mould appears on the compost. This is **not harmful** to your plants and should disappear naturally.

HEALTH & SAFETY ADVICE

- Use in a well ventilated place and avoid breathing in dust.
- Always wear gloves when gardening.
- Wash hands after use.
- Open bag carefully and reseal after use.

APPROXIMATE FILL OPTIONS

4 MEDIUM POTS
22 CM (9'')

2 LARGE POTS
25 CM (10'')

3 HANGING BASKETS
30 CM (12'')

when filled. Volume may reduce by up to 10%*2

EVERGREEN RESEARCH STATION, UK

Evergreen Research Station is our officially recognised **Research and Development Centre** in Levington, Suffolk. This unique centre is responsible for driving **new product development**, through **process & formulation, physical analysis and field biology**. In addition, the team of scientists ensure we maintain our **renowned quality** through **on-going raw material assessment, formulation preparation and product trials**.

The results from trials undertaken at the **extensive 19 acre site** in Levington are used to develop new products and to support our unique portfolio across northern Europe. Fertilisers and growing media are both tested here under the protection of a **2,500m² glasshouse** and outside in beds and borders, containers and hanging baskets.

Ordinary Garden Soil vs Miracle-Gro Premium All Purpose Compost for All Plants

GUARANTEED*1
GROWS PLANTS
TWICE AS BIG!

*Our scientific trials prove that **Miracle-Gro Premium All Purpose Compost for All Plants** grows plants twice as big as ordinary garden soil.
