

PEAT FREE

PREMIUM
All Purpose Compost
with ORGANIC Plant Food

ROOTED
IN SCIENCE

COIR TECHNOLOGY HELPS RETAIN MORE WATER

Coir is an **organic component** that provides near-ideal pH. It makes the compost texture easier to work with and it **retains water**.

ADDED NATURAL FEED ORGANIC PLANT FOOD

Contains a combination of **Organic Vital Minerals**. **Nitrogen** is used by plants for **lots of leaf growth** and good green colour. **Phosphorous** is used by plants to help form new roots, make seeds, fruits, flowers and **fight disease**. **Potassium** helps plants make strong stems and keep growing fast and **promote flowers and fruits**.

FIBRE SMART™ TECHNOLOGY PATENTED WOOD FIBRE

The compost contains a unique, patented **Fibre Smart™ technology**. The hollow wood fibres ensure an **optimum balance** of **air and water** for strong roots to grow **healthy**. Wood fibres are **100% natural**.

ORGANIC PLANT FOOD FEEDS FOR UP TO 6 WEEKS

Miracle-Gro® Peat Free Premium **All Purpose Compost** with **ORGANIC Plant Food** provides complete nutrition for **up to 6 weeks**.

APPROVED BY: ☒ Elaine G, R&D Manager.

HOW
TO USE

CONTAINERS & BASKETS

Place a layer of compost in the **base of the pot**.

Tap out the plant from the old pot, loosen the root ball and **place in the centre of the pot**.

Fill the space around the **root ball**, ensuring the compost level covers all the roots.

Firm lightly, **water thoroughly** and let drain.

BEDS & BORDERS

Dig a hole **twice the size of the root ball**.

Position the plant and **fill with 50% soil and 50% compost** and firm around the base.

Water thoroughly. We recommend using **Miracle-Gro® Border Booster** to further enrich the soil.

We strongly recommend using **Miracle-Gro® Peat Free Premium Azalea, Camellia, Rhododendron Ericaceous Plants Compost** for acid loving plants like Azaleas, Rhododendrons and Heather.

IDEAS ON RE-USING THIS BAG...

HANGING BASKET IDEA...

"You could add some drainage holes and use the bag as a liner for your hanging baskets."

GET GROWING...

"Make some drainage holes in the bottom of the bag, fill with compost and then plant potatoes in them."

USEFUL
TIPS

USEFUL TIPS

- For continued fantastic results with the hungriest plants we recommend that you begin feeding with **Miracle-Gro® Plant Food** as soon as the leaves begin to pale.
- Compost should be **kept moist** at all times and not allowed to dry out. Avoid plants sitting in water. Outdoor container plants require **frequent watering**.

STORAGE INSTRUCTIONS

- Keep the bag closed when in storage to prevent drying out.
- Storage from one year to another may affect performance.
- Keep away from pesticides.
- Occasionally a white mould appears on the compost. This is **not harmful** to your plants and should disappear naturally.

HEALTH & SAFETY ADVICE

- Use in a well ventilated place and avoid breathing in dust.
- Always wear gloves when gardening.
- Wash hands after use.
- Store in a cool place, away from sun.
- Open bag carefully and reseal after use.

EVERGREEN RESEARCH STATION, UK

Evergreen Research Station is our officially recognised **Research and Development Centre** in Levington, Suffolk. This unique centre is responsible for driving **new product development**, through **process & formulation, physical analysis and field biology**. In addition, the team of scientists ensure we maintain our **renowned quality** through on-going **raw material assessment, formulation preparation and product trials**.

The results from trials undertaken at the **extensive 19 acre site** in Levington are used to develop new products and to support our unique portfolio across northern Europe. Fertilisers and growing media are both tested here under the protection of a **2,500m² glasshouse** and outside in beds and borders, containers and hanging baskets
