**Rose, Tree
& Shrub**
Special Plants Compost

**ROOTED
IN SCIENCE**

ERICACEOUS FORMULA
GLOSSY GREEN LEAVES

Miracle-Gro® Peat Free Premium Rose, Tree & Shrub Special Plants Compost contains a special formula balanced with extra iron and lower pH that delivers glossy green leaves.

FIBRE SMART™ TECHNOLOGY
PATENTED WOOD FIBRE

The compost contains a unique, patented Fibre Smart™ technology. The hollow wood fibres ensure an optimum balance of air and water for strong roots to grow healthy. Wood fibres are 100% natural.

14 VITAL MINERALS
NPK+TRACE ELEMENTS

Contains a unique combination of 14 Vital Minerals. **Nitrogen** is used by plants for lots of leaf growth and good green colour. **Phosphorous** is used by plants to help form new roots, make seeds, fruits, flowers and fight disease. **Potassium** helps plants make strong stems and keep growing fast and promote flowers and fruits. Additionally, there are 11 more minerals such as calcium, magnesium, sulphur, boron, chlorine, copper, iron, manganese, molybdenum, nickel and zinc which are vital for maintaining plants health.

3 MONTHS FEED
FEEDS FOR LONGER

Feeds for longer to support your healthy plants growth.

APPROVED BY: Elaine G, R&D Manager.

**USEFUL
TIPS**

USEFUL TIPS

- Plants need feeding throughout the season to ensure they remain healthy, beautiful and produce better blooms.
- Three months after planting with Miracle-Gro® Peat Free Premium Rose, Tree & Shrub Special Plants Compost start using Miracle-Gro® Rose & Shrub Plant Food for continued fantastic results.
- Compost in containers should be kept moist at all times and not be allowed to dry out.
- In areas where tap water is 'hard' and forms lime-scale in your kettle, try to water with rainwater whenever possible. This will help to maintain an acid balance in the compost in the long term.

STORAGE INSTRUCTIONS

- Keep the bag closed when in storage to prevent drying out.
- Storage from one year to another may affect performance.
- Keep away from pesticides.
- Occasionally a white mould appears on the compost. This is **not harmful** to your plants and should disappear naturally.
- Store in a cool place away from sun.
- Open bag carefully and reseal after use.

HEALTH & SAFETY ADVICE

- Use in a well ventilated place and avoid breathing in dust.
- Wash hands after use.
- Always wear gloves when gardening.

IDEAS ON RE-USING THIS BAG...

HANGING BASKET IDEA...

"You could add some drainage holes and use the bag as a liner for your hanging baskets."

GET GROWING...

"Make some drainage holes in the bottom of the bag, fill with compost and then plant potatoes in them."

**HOW
TO USE**

POTS & PATIO PLANTERS

- It's time to repot when:**
 - The plant is overgrown and "root bound" (densely wrapped roots).
 - Roots are growing out of the drainage holes.
 - The plant's lower leaves turn yellow or drop off.

- How to repot:** Wash the containers and water the plant.

Place a layer of compost in the **base of the pot**.

Tap out the plant from the old pot, loosen the root ball and **place in the centre of the pot**.

Fill the space around the root ball, ensuring the compost level covers all the roots.

Firm lightly, **water thoroughly** and let drain.

POTS & PATIO PLANTERS

Dig a hole **twice the size of the root ball**.

Position the plant and **fill with 50% soil and 50% compost** and firm around the base.

Water thoroughly. We recommend using **Miracle-Gro® Border Booster** to further enrich the soil.

EVERGREEN RESEARCH STATION, UK

Evergreen Research Station is our officially recognised Research and Development Centre in Levington, Suffolk. This unique centre is responsible for driving new product development, through process & formulation, physical analysis and field biology. In addition, the team of scientists ensure we maintain our renowned quality through on-going raw material assessment, formulation preparation and product trials.

The results from trials undertaken at the extensive 19 acre site in Levington are used to develop new products and to support our unique portfolio across northern Europe. Fertilisers and growing media are both tested here under the protection of a 2,500m² glasshouse and outside in beds and borders, containers and hanging baskets

Ordinary Garden Soil vs Miracle-Gro Premium Peat Free All Purpose Compost

**GUARANTEED*¹
GROWS PLANTS
TWICE AS BIG!**

*Our scientific trials prove that Miracle-Gro Premium Peat Free All Purpose Compost grows plants twice as big as ordinary garden soil.
