

HOW TO USE

WHERE TO USE

Use every time you are preparing the soil for planting. Sprinkle evenly over the soil and mix in well. Water well after sowing seeds and planting out, especially in dry weather.

During the growing season sprinkle evenly over the soil around established plants. Gently work it into the soil surface with a hand fork without disturbing the roots and water in thoroughly.

USEFUL TIP

Remember that plants also require other nutrients like nitrogen and potassium. Use this product in combination with manure or a complete fertiliser like Levington Growmore.

IDEAL FOR ALL PLANTS, ESPECIALLY TREES, SHRUBS, FRUIT AND ROOT VEGETABLES.

PROVIDES A LONG LASTING AND FAST ACTING SOURCE OF PHOSPHORUS.

ENCOURAGES STRONG, HEALTHY ROOT GROWTH AND QUICK PLANT ESTABLISHMENT.

PRODUCES MORE FRUIT AND VEGETABLES AND IMPROVES RIPENING OF CROPS.

WHEN TO USE

Use this product whenever you're preparing new beds, when planting out new, young plants and around established plants during the growing season.

For established plants in beds and containers: Apply when plants are actively growing. Water in well.

For new plants: Fork into the bottom of the planting hole and add to the compost and soil used as a planting mixture. Water in well.

Soil preparation: Apply at any time you are preparing new beds and borders.

APPLICATION RATE

ALL USES

Soil preparation
75g per m²

During the
growing season
50g per m²

VEGETABLE GARDEN

Leguminous plants
such as peas and beans
50-70g per m²

Potatoes
50-90g per m²

Fruit trees
60-90g per m²

COVERAGE: 16M² - 30M²

SAFETY AND ADVICE

ALWAYS USE GLOVES

- Only use where there is a recognised need to feed plants.
- Keep away from plant leaves and stems.
- Do not exceed the appropriate application rate. Increasing the dosage may result in damage to your plants.
- Store in the original container in a cool, dry, frost-free place away from children, pets and foodstuffs.
- Always wear gloves when gardening
- Wash hands and exposed skin after use.
- Do not eat or smoke while applying the product.

DANGER

Causes serious eye damage
Wear eye/face protection.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

Immediately call a POISON CENTER or doctor/physician.

Poisons Information: For information, or to report a poisoning incident in Ireland contact The National Poisons Information Centre (01 809 2166), retain the label for reference.
