

## HOW TO USE

Use every time you are preparing the soil for planting. Sprinkle evenly over the soil and mix in well. Water well after planting out, especially in dry weather.

During the growing season sprinkle evenly over the soil around established plants. Gently work it into the soil surface with a hand fork without disturbing the roots and water in thoroughly.

## WHEN TO USE

Use this product whenever you're preparing new beds, when planting out new, young plants and around established plants in the growing season. Apply in spring and reapply once in the growing season to stimulate flowering or fruit formation.

## WHERE TO USE

**IDEAL FOR ALL  
FLOWERING AND  
FRUITING PLANTS,  
ESPECIALLY SHRUBS,  
CLIMBERS AND ROSES.**

**PROVIDES A FAST ACTING  
SOURCE OF POTASSIUM  
THAT ENCOURAGES  
ABUNDANT FLOWERING  
AND FRUITING AS WELL AS  
RIPENING OF FRUIT AND  
VEGETABLES.**

**IMPROVES DISEASE, COLD  
WEATHER AND DROUGHT  
RESISTANCE.**

## USEFUL TIP

Remember plants also require other nutrients like nitrogen and phosphorus. Use this product in combination with an NP fertiliser like Levington Bone Meal or a complete fertiliser like Levington Growmore.

## APPLICATION RATE

Flowers, beds and borders  
35g per m<sup>2</sup>

Roses and bushes  
35g per plant

Trees,  
including fruit trees  
50-100g per tree

### VEGETABLE GARDEN

Tomatoes, salad and spinach  
35g per m<sup>2</sup>

Cabbages and potatoes  
75g per m<sup>2</sup>

COVERAGE: 15M<sup>2</sup> - 42M<sup>2</sup>

## SAFETY AND ADVICE

- Only use where there is a recognised need to feed plants.
- Keep away from plant leaves and stems.
- Do not exceed the appropriate application rate. Increasing the dosage may result in damage to your plants.
- Store in the original container in a cool, dry, frost-free place away from children, pets and foodstuffs.
- Always wear gloves when gardening
- Wash hands and exposed skin after use.
- Do not eat or smoke while applying the product.

**ALWAYS USE  
GLOVES**
