

TIPS

REPLANTING AND SOWING: Treated area can be re-planted 7 days after spraying (to allow the weedkiller to move to the roots before cultivation).

CAUTION

Weedol® Rootkill Plus™ kills all green plant growth including lawn grasses. DO NOT APPLY TO LAWNS AND PLANTS IF YOU WANT TO KEEP THEM.

Avoid all contact by spray and spray drift with cultivated plants and desired vegetation.

Direct spray away from ponds and other surface water bodies.

SAFETY INSTRUCTIONS

Protection during / in use

Keep off skin.

Do not breathe spray.

Wash hands and exposed skin after use.

Environmental protection

Use appropriate containment to avoid environmental contamination.

Do not contaminate water with the product or its container.

Do not empty into drains.

Storage and disposal

Keep away from food, drink and animal feeding stuffs.

Keep product away from children and pets.

KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place.

EMPTY CONTAINER COMPLETELY and dispose of safely.

RISK AND SAFETY INFORMATION

To avoid risks to human health and the environment, comply with the instructions for use.

Read carefully and follow the instructions.

Do not eat, drink or smoke when using this product.

Keep out of reach of children.

If medical advice is needed, have product container or label at hand.

Collect spillage.

For the UK only: Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty containers which can be disposed of in the dustbin. Contact your local council for details.

For ROI only: Dispose of contents/container to a household waste recycling centre as hazardous waste, except for empty triple rinsed containers which can be disposed of by recycling of the dustbin. Contact your local council for details.

Contains 1, 2-Benzisothiazolin-3-one (BIT).
May produce an allergic reaction.

WARNING

Toxic to aquatic life with long lasting effects.

MAPP: 14553 PCS No: 02464

PROTECT FROM FROST

Contains 120 g/L glyphosate and 0.33 g/L pyraflufen-ethyl as a suspension emulsion formulation (SE).

ESTABLISHED 1905
Weedol®

ROOTKILL PLUS™

WEEDKILLER

MAPP: 14553 PCS No: 02464

INSTRUCTIONS FOR USE

For use on areas not intended to bear vegetation, unwanted vegetation and around garden plants.

FOR USE ONLY AS A HOME GARDEN WEEDKILLER. READ ALL SAFETY INSTRUCTIONS BEFORE USE.

Keep children and pets away from treated areas until spray has dried. **Maximum individual dose:** 25 ml of product per 14 m².

WHEN TO USE

Use April – November. Spray when weeds are actively growing, and/or green with plenty of leaf area to absorb the spray. Use on a dry, calm day. Do not apply if rain is expected within 6 hours of application.

WHERE TO USE

Weedol® Rootkill Plus™ can be used to control weeds on gravel areas, paths and drives, along fences, around sheds and greenhouses. Around the base of roses, ornamental shrubs, trees and under hedges (providing they are established, with woody bark). Take care to avoid drift!

Weedol® Rootkill Plus™ is ideal for ground clearance before autumn or spring digging and killing old lawns before reseeding or turfing.

DO NOT USE ON LAWNS, UNLESS YOU WANT TO KILL THEM.

Gravel areas, paths and drives

Ground clearance before autumn or spring digging

Killing old lawns before reseeding or turfing

WHY CHOOSE WEEDOL® ROOTKILL PLUS™?

- ✓ **SYSTEMIC** weedkiller, killing all garden broad-leaved and grass weeds down to the root.
- ✓ **ACTS FAST**, with results visible in just 24 hours.

HOW TO USE

SHAKE WELL BEFORE USE.

1. Use either: Watering can with a Weedkiller Sprinkle Bar or a fine rose, or a garden sprayer.

2. Simply snap off (or cut open) the top of the tube and mix with 1 litre of water in a sprayer, or 5 litres of water in a watering can and mix thoroughly.

3. Apply the spray evenly to the weeds, to lightly wet the leaves. Do not walk on treated areas until spray has dried on leaves to avoid transfer to lawns and other vegetation.

4. 25 ml treats:

- 30 m² annual weeds
- 20 m² perennial weeds
- 14 m² brush weeds

5. Clean the equipment thoroughly before and after use. Do not apply through, or store in, galvanised or unlined mild steel sprayers or watering cans.

*** Visible results in 24 hours.**
Weed death may take up to 28 days (in cold weather activity is slower).

AMOUNT TO USE

The amount of **Weedol® Rootkill Plus™** required depends on the **type of weeds to be treated** and **kind of equipment used**. Only make as much **Weedol® Rootkill Plus™** as you intend to use that day.

Add one tube to: Sprayer: 1 litre water
Watering can: 5 litres water

	Area treated	Examples
One tube treats	Annual weeds	30 m ² Chickweed, fat hen, field speedwell, shepherds purse, field forget-me-not, cleavers, black bindweed
	Perennial weeds	20 m ² Creeping thistle, rosebay, willowherb, perennial nettle, docks, couch grass
	Brush weeds	14 m ² Bramble, bracken
